POWER TO THE PUNTER

MESSAGE FROM THE
MINISTER FOR RACING
JEREMY ROCKLIFF

The Betfair Tasmanian Summer Racing Carnival is a Tasmanian success story.

Apart from focusing national attention on Tasmanian thoroughbred racing, the race meetings themselves and the supporting social events are important direct and indirect contributors to the state's economy.

Tasracing and the racing clubs – the Tasmanian Turf Club and the Tasmanian Racing Club – are to be congratulated for putting together what I am sure will be a successful carnival in 2015.

It is also important to note the significant contribution of Betfair – the carnival's naming rights partner and the naming rights partner of the Hobart and Launceston Cups – and TattsBet – sponsors of the \$100,000 TattsBet cups double for the trainer and owner of any horse that can win both races in the same year.

Both sponsors have contributed significantly in just a short time to raise the profile of Tasmanian thoroughbred racing interstate.

I would like to wish all owners, trainers and jockeys the best of luck during the 2015 carnival.

Jeremy Rockliff
Minister for Racing

A MESSAGE FROM BETFAIR
AUSTRALIA CEO GILES
THOMPSON

Betfair is very pleased to be the major sponsor of this wonderful Tasmanian thoroughbred carnival, and thanks Tasracing, the Tasmanian Turf Club and Tasmanian Racing Club for the opportunity.

The Betfair Tasmanian Summer Racing Carnival is an iconic mix of racing, fashion and entertainment.

With more ways to bet, better odds and bigger returns, Betfair is truly privileged to present a carnival that shares our energy and passion for racing.

The carnival begins in Hobart on Sunday 11 January with the running of the Tasmanian Guineas and finishes on Betfair Launceston Cup day on Wednesday 25 February.

Good luck and best wishes for an excellent Betfair Tasmanian Summer Racing Carnival.

Giles Thompson
Betfair Australia CEO

MESSAGE FROM TASRACING
CEO DR ELIOT FORBES

Tasracing is very pleased to be hosting the Betfair Tasmanian Summer Racing Carnival.

The carnival will offer more than \$1.7 million in prize money in group and listed races in 2015, and more than \$3 million across all 11 carnival meetings between 11 January 2015 and 25 February 2015.

As readers would appreciate, Betfair is the world's largest internet betting exchange, and we are obviously delighted to once again have their company as our official partner for the Tasmanian Summer Racing Carnival.

In 2013 we introduced the Tattsbet Cups double bonus of \$100,000 to any horse that could win both the Hobart and Launceston Cups in the same year. This successful initiative will once again be on offer in 2015 after the Mick Kent-trained Epingle won both races in 2014.

The quality of the Hobart and Launceston Cups continues to improve after the Australian Pattern Committee advised that the 2014 Hobart and Launceston Cups achieved their highest ever rating.

Both the clubs and Tasracing are looking forward to continuing our work to focus attention on Tasmanian thoroughbred racing during the summer months.

Dr Eliot Forbes
Tasracing CEO

THE CLEANER

.... burst into the national limelight with his courageous front running style of racing that enabled him to win multiple feature races including the Dato Tan Chin Nam Stakes at Moonee Valley and the Group 3 JRA Cup over the Plate distance (2040m).

“Before he won the JRA Cup, running in the Cox Plate was probably a bit of a pipe dream,” Burles said.

“But when he beat some fairly good horses in the JRA Cup, even though he was under done for that race, all of a sudden winning a Cox Plate became more than just a dream.”

The Cleaner winning the 2014 JRA Cup

When star Tasmanian middle distance galloper The Cleaner burst into the national limelight with his courageous front running style of racing that enabled him to win multiple feature races in Melbourne, his trainer Mick Burles was calmly going through the motions without ever thinking beyond the next race for his stable star.

But when the seven-year-old qualified for a berth in this year's W. S Cox Plate by winning the Dato Tan Chin Nam Stakes at Moonee Valley and he followed up with a win in the Group 3 JRA Cup over the Plate distance (2040m), Burles' world was turned upside down.

"Before he won the JRA Cup, running in the Cox Plate was probably a bit of a pipe dream," Burles said.

"But when he beat some fairly good horses in the JRA Cup, even though he was under done for that race, all of a sudden winning a Cox Plate became more than just a dream," he said.

While all the national media has focused on The Cleaner there also has been growing national interest in the seven-year-old gelding's trainer.

Burles has led a fascinating life and his journey to becoming a talented horse trainer is not only interesting, but also one that has taken more than the odd twist or turn.

He was born at Koonya on Tasmania's Tasman Peninsula where he spent his formative years living a meagre existence with his mother and siblings on a small farm speckled with dairy cows.

Burles has always had an affinity with horses and recalls riding one for the first time when he was six.

"I had my first smoke when I was six and I sat on a horse for the first time at the same age, and they are both still a part of my life," Burles said.

Burles' parents separated when he was only one and he admits to having no recollection of his natural father.

"I suppose I had it tough as a young kid because I never knew my real father and was pretty much raised by my grandmother, Sissy Nichols," he said

"She was a hard woman who worked very hard and expected everyone else in the household to do the same."

Burles was one of four children by his natural father but he also has two step-sisters and two step-brothers.

"I went to school with one of my natural brothers, Dennis, and my sister, Rhonda, but the eldest boy, Robert went with Dad when I was only a year old and I've only ever seen him once in my life and that was when I was 16," Burles said.

As a teenager on a country farm, Burles was a typical boy who spent his leisure time fishing, shooting and playing sport.

THE CLEANER

Photo right:
Mick Burles with The Cleaner at his
property at Longford, Tasmania.

He was a handy footballer and he became an avid Hawthorn supporter from 1964.

"I loved the Hawks and still do, so when they won the flag the day after The Cleaner won the JRA Cup I don't reckon I've had a better weekend," he said.

He played football up until he was 46, competing in the Northern Districts League in Tasmania where he ended his career having played 494 games.

"I couldn't quite crack it for 500 games, but I had to give it away because the body was starting to feel the strain and another six games probably would have killed me," he said.

When Burles left Nubeena Area School after completing year 10 he worked on share farms including the family plot.

"I quite enjoyed share farming because it was honest work and I got to spend time with animals, in particular horses, and that was the bonus for me," Burles said.

Burles was called up for National Service when he turned 18. He was going to be married upon his return from his stint at Puckapunyal (army training camp), but that didn't work out as he expected.

"When I got home from National Service the girl I was going to marry gave me the flick and Mum and Dad (step-father) had moved to Burnie on the North-West Coast," Burles said.

"I decided to head to Burnie, and I got a job at the pulp mill and that's where I met the love of my life.

"Lyn and I were married and we had four children (three boys – Kim, Damian and Dion and a daughter, Karissa) and we were a very happy family unit."

Burles gave up share farming for about 12 years to become a truck driver carting fruit and vegetables to and from Queensland.

"I enjoyed driving the trucks but I gave it away in the end because I spent too much time away from home," he said.

He found his way back to share farming and in 1989, his love of horses, and in particular thoroughbreds, led him to make inquiries with the view of buying a racehorse.

"I had been helping out in stables for a number of years working with trainers such as Larry Dalco and Allan Stubbs, so I thought I'd like to race one of my own."

"I had always been around horses on the farms. We had draught horses or sheep-gathering horses and I rode them all."

"I just grew to love horses, and later on I was particularly keen on racehorses."

Burles had an opportunity to buy a well bred filly as his first racehorse, but her antics prevented the sale.

"I had a share farm at Bowthorpe (thoroughbred breeding property at Longford) that was owned by Don Lowe and he'd taken a filly to the sales but she wasn't sold" Burles said.

"When he brought her back home, she made her way into my farm lot, and she used to bite me on the backside every chance she got.

"When Lowe found out I was in the market for a racehorse, he offered to sell me the filly that was in my paddock, but I told him in no uncertain terms what I thought of her and that was the end of it."

"I ended up buying one called Robin's Gamble for \$1000 that went on to win a maiden but nothing else, and the filly offered to me by Lowe that was eventually sold for \$5000 turned out to be Bow Mistress and she went on to win at weight-for-age wherever she raced in Australia."

"That's pretty much been the story of my life."

Burles said he had to use all of his cunning to secure a horse to race.

"My late wife hated racing but I outsmarted her by putting the first horse I bought in her name," he said.

"When Robin's Gamble won, my wife was rapt and I was the greatest bloke on Earth, but I never saw any of the prizemoney.

"But Robin's Gamble never won another race so the wife said, 'we better go out and buy another one' which I did, but it was no good at all."

Burles and his family had settled at George Town where he enjoyed life on a small property that housed a few stables, so he decided to have a crack at training in 1994.

"I had a workplace accident when working for Chris Hazell at Comalco and suffered multiple broken bones in my back that laid me up for the best part of 18 months," Burles said.

"It was during that time my lawyer, Chris Dockeray, offered me a package of horses that he had for sale. There were four in all and I bought the lot.

"There were two young ones that had to be broken in and a mare (Irish Fleece) that was in foal."

“The foal inside the mare turned out to be the first horse I trained in my own right named Irish Reaction, and he won by about eight lengths as my first starter as a trainer,” he said.

Over the years Burles has had some handy horses and probably the best until The Cleaner came along was Miewa’s Quest that won eight races for Burles. Today the gelding still holds the 1200-metre track record in Launceston.

“Miewa’s Quest was definitely the best sprinter I’ve trained and he won eight for me and two for Alan Stubbs,” he said.

Burles was close to Stubbs and when that trainer was diagnosed with cancer Burles pitched in to do whatever he could to help out while Stubbs received treatment.

Eight-years-ago Burles’ wife died from the disease and three months later, Stubbs passed away.

Within the space of 12 weeks Burles had lost two of the most important people in his life.

“It wasn’t easy to cope when Lyn died because she meant everything to me and then on top of that, Alan left us and he was my closest mate” Burles said.

“I immersed myself into the horses when they died, and I ended up training about a dozen for Hobart owner John Farrell.

“John owned Vivre La Nett, an outstanding filly that went on to win multiple races including the Tasmanian Guineas against the best colts of that time.”

With a handy size stable behind him Burles ventured to the 2009 Tasmanian Magic Millions Yearling Sale with the hope of finding his next stable star.

He had one lot in mind and it was a son of Savoire Vivre from top producing mare Dash of Scotch.

“I liked Savoire Vivre as a stallion, and I knew Dash of Scotch and that Gary White (Hobart-based trainer) had bought all of the mare’s previous foals, which made me even more interested in looking at the yearling,” Burles said.

“I looked at the horse three or four times and he looked better each time.

“I bought the horse for \$10,000 and we named him The Cleaner.”

But not long after the sale Burles’ major owner, Farrell called him to say he was going to extract all of his horses from the stable because he wanted them trained in Hobart.

“Owners change stables all the time and John (Farrell) genuinely wanted his horses moved so that he could see them more often while they were in training. I understood that but all of a sudden I was going to struggle to pay for the yearling,” Burles said.

Burles eventually went to his golfing buddies, Bill Fawdry, Paul Burt and Jim Lowish and they came to the party but he never kept a share for himself.

“Not keeping a share in the horse is probably my biggest regret, but the owners are great mates and I’m content just to be his trainer,” Burles said.

The Cleaner was sent to a Victorian trainer last season, but that was an unsuccessful mission as the horse couldn’t settle and didn’t adapt to a different training regime.

“The horse came back to me and it was one of the happiest days of my life because he’s not just a horse he is my mate.”

Whenever Burles is confronted by the media, in particular a television camera, the commentator only has to mention the rapport Burles has with The Cleaner and the tears start to appear.

“The horse is special and that he happens to be one good enough to have earned a berth in a Cox Plate is just a bonus,” Burles said.

Burles and The Cleaner have become a racing phenomenon simply because of the horse’s catch-me-if-you-can racing style, but Burles’ story also has touched the hearts of even the most hardened racing addict.

In the Cox Plate, The Cleaner not only carried the weight allotted to him under the weight-for-age scale but he also carried the hopes of every Tasmanian.

All the 50-cent punters who have fallen in love with the Longford Lion were either trackside or glued to a television around the nation hoping Tasmania’s equine cult hero would realise the fairytale.

The race didn’t pan out as they all hoped it would, but The Cleaner will live to fight another day.

THE CLEANER

“ The horse came back to me and it was one of the happiest days of my life because he’s not just a horse he is my mate,” Burles said.

INDUSTRY RECOGNITION AWARD
Stephen Maskiell

LEADING JOCKEY
Brendon McCoull

LEADING APPRENTICE
Bulent Muhcu

LEADING OWNER
Paul & Elizabeth Geard

LEADING TRAINER
David & Scott Brunton

1) Industry Recognition Award - Stephen Maskiell

Stephen Maskiell, one of Tasmania's most successful jockeys announced his retirement at the end of the 2013-14 racing season. To honour his achievements, he was recognised as the recipient of the TattsBet Industry Recognition Award for his services to racing in Tasmania.

Maskiell has been considered one of Tasmania's best riders for more than two decades and it was fitting that he should end his riding career with a winner, Westering Home at Mowbray on Launceston Cup day, at his last ride.

2) Leading Jockey Brendon McCoull

Brendon McCoull has dominated Tasmania's riding ranks for nearly two decades. Last season's premiership, his 14th, was secured by his haul of 80 winners. He snared multiple feature race wins but two that had previously eluded him, the Newmarket and Tasmanian Oaks, were achieved with masterful rides aboard Black 'n' Tough and Iggimacool respectively.

3) Leading Apprentice Jockey Bulent Muhcu

Turkish-born rider Bulent Muhcu was a clear winner of the Tasmanian Apprentices title. He notched 52 winners with his brilliant front-running ride aboard Red Eagle to win the Devonport Cup, one of his best efforts in the saddle.

4) Leading Owner - Paul and Elizabeth Geard

Paul and Elizabeth Geard were clearly Tasmania's leading owners with their stock of Gee Gee named horses notching 37 wins from 24 individual winners.

The Geards had 457 acceptors that produced stakes of \$393,000 and they provided just under 8 per cent of the starters for season 2013-14.

5) Leading Trainer - David and Scott Brunton

The father and son training team of David and Scott Brunton emerged triumphant in the trainers' premiership for the third year in succession with 68 winners.

Team Brunton again dominated with many of its horses winning feature events.

1

3

5

2

4

6

1) Leading Tasmanian Juvenile Stallion - Wordsmith

Wordsmith, by Testa Rossa, from the Yeates mare Way with Words, produced 17 winners during the 2013-14 season comprising seven two-year-old and 10 three-year-old wins. Talented two-year-old Geegees Doublejay accounted for three of his sire's winners and three-year-old filly Geegees Velvet won twice, as well as being placed in feature races. Wordsmith stands at Paul and Elizabeth Geard's Gee Gee Horse Stud at Broadmarsh where he will be standing his sixth season at stud in 2014.

2) 2YO Horse of the Year Admiral

Admiral trained by Barry Campbell, was a clear winner of the Tasmanian 2YO of the year title, winning seven of his eight starts including multiple feature races. Admiral is one of the most exciting gallopers to step into Campbell's stable, and he expects to be even better at three.

3) Leading Broodmare of the Year - La Quita

La Quita was Tasmania's top broodmare for the 2013-14 season. La Quita (by Grand Lodge) is a multiple winner of this award that last season produced four individual winners that grossed nine wins. Geegees Blackflash won four, Geegees Velvet and Gee Gees La Quita won two each, and juvenile Geegees Golden Girl broke her maiden status with a win at her last outing for the season.

4) 3YO Horse of the Year Iggimacool

Iggimacool was a popular winner of the 3YO of the year title. The Bill Ryan-trained filly won the Thousand Guineas before being placed on unsuitable rain-affected ground in the Strutt Stakes and then easily winning the Tasmanian Oaks.

5) Leading Filly or Mare Isibaeva

Isibaeva is the recipient of the Leading Filly or Mare award voted by the committee of TasBreeders. Isibaeva was outstanding last season, winning the Group 3 Bow Mistress Trophy as well as two other feature fillies and mares races, and she was a game third in the Group 3 Vamos Stakes. The Ian Hay-trained and bred mare had eight starts last season for three wins, four seconds and a third for \$148,000 in stakes.

HORSE OF THE YEAR

Black'n'Tough

6) Leading Tasmanian Based Sire - Savoire Vivre

Savoire Vivre was clearly Tasmania's leading sire for season 2013-14. The progeny of the ill-fated stallion won 65 races and produced winners in three states – Tasmania, NSW and Victoria. The 47 wins in Tasmania were produced by 21 individual winners. The star performer was his three-year-old filly, Iggimacool, that won five times, including the Listed Tasmanian Oaks and her stablemate Sh'bourne Spirit also won five races.

7) Horse of the Year Black'n'Tough

Black'n'Tough's season was capped when she was named Tasmanian Horse of The Year. The mare's win in the Newmarket Handicap and weight-for-age Kevin Sharkie was enough to sway the judges over her stablemate, Rebel Bride that won the Group 3 Vamos, two weight-for-age races and the Goodwood Handicap. Both horses were owned by Chris and Sharon Wickham.

HALL OF FAME LEGEND INDUCTEE
CHARLIE GOGGIN

Charlie Goggin was one of the inaugural inductees into the Tasmanian Thoroughbred Racing Hall of Fame in 2005, a place earned due to his impeccable record as a trainer.

Charlie won his first Tasmanian trainer's premiership in 1991-92 and proceeded to win seven of the next eight premierships. He won another three in succession from 2002 to 2004 and snared his 12th title training 48 winners in 2008-09.

Over the years Charlie has excelled as a trainer, not only in Tasmania but interstate and overseas.

His gallant mare, Sunny Lane, won a Werribee Cup and went on to contest the 1997 Melbourne Cup. She was also placed in a Group race in Hong Kong while in Charlie's care.

Charlie prepared the outstanding filly, Cafeteria, that was regarded as one of the best juveniles to grace the Tasmanian turf. Conquering, a horse bred by Runnymede Stud, also won multiple Listed races in Tasmania and interstate that guaranteed the gelding a place in the Hall of Fame.

Charlie has since formed a partnership with his daughter, Luella Meaburn, and together they remain a force in Tasmania's training ranks.

Charlie has won almost every feature race on the Tasmanian calendar, with only the Launceston Cup and Tasmanian Derby to elude him since he started training in 1988.

HALL OF FAME ASSOCIATE INDUCTEE
GRAEME McCULLOCH

HALL OF FAME TRAINER INDUCTEE
DAVID BRUNTON

HALL OF FAME ASSOCIATE INDUCTEE
GRAEME McCULLOCH

Graeme McCulloch has made an outstanding contribution to Tasmanian racing as a trainer, breeder and owner, as well as serving on the committees of race clubs and breeder organisations. At the time of his induction he has been the state's leading trainer and leading owner and won most of the major races, as well as standing some of the most successful sires ever to be based in Tasmania.

Graeme first started training as a hobby and had immediate success, preparing two-year-old of the year Flagon Lady and the talented Showlita who was later to produce one of his best ever horses in Southern States. In only his third season as a professional trainer, he won the 1979-80 premiership, and he went on to win four premierships in succession.

It was the deeds of the great Hannekes Gentleman that placed Graeme in the headlines. Nicknamed Hank the Tank, the horse won the 1981 Devonport Cup breaking Brallos' track record and went on to win a string of races.

Graeme's CV includes wins in most of Tasmania's major races including the Hobart Cup, Devonport Cup, Newmarket Handicap, Tasmanian Oaks, Strutt Stakes and Gold Sovereign Stakes. He founded Grenville Stud at Whitmore in the late 1970s. His early stallions included Theus and Bold Mayo, but perhaps his most notable investments have been perennial Tasmanian champion sire West Quest and the ill-fated Exit Five B.

Graeme has served on the executive of Tasbreeders, and he has represented the state on the Thoroughbred Breeders Australia committee.

HALL OF FAME TRAINER INDUCTEE
DAVID BRUNTON

David Brunton arrived in Tasmania in 1994 with the hope of making a new start in his training career. He spent years working with his much admired mentor, the late Noel Kelly, at Ballarat, whose untimely death led David to branch out on his own. He had immediate success training metropolitan winners in Melbourne with only a small team of horses.

With a young family, David and wife, Julie, set about building a new life in Tasmania. It was his work ethic and innate understanding of equines that set him on a course to the top of the trainers' tree in Tasmania.

David won his first Tasmanian trainer's premiership in 2005-06 with 57 winners and he replicated the feat the following season preparing 67 horses to win the title clearly. Two seasons later he formed a partnership with his youngest son, Scott, and together they have won five consecutive premierships up to season 2013-14.

The best horse so far to make its way into David's care was Lady Lynette, that became the first Tasmanian-bred and trained mare to top \$1 million in prizemoney. The ill-fated Rumcorp had the potential to be his greatest performer but the promising stayer's career was cut short courtesy of a freak accident on the training track in Melbourne.

He has prepared multiple feature race winners including Prevailing (2012 Gr3 Launceston Cup), Life to the Full (Listed TTC Newmarket, George Adams and Balaklava Cup), Obstinado (TTC Newmarket) and Banca Mo, winner of the 2013 Warrnambool Cup, Pakenham Cup and multiple Melbourne metropolitan winners.

A masterstroke by David was to relocate his training enterprise to Seven Mile Beach, which he describes as "Horse Heaven".

HALL OF FAME JOCKEY INDUCTEE
BRIAN PULBROOK

Brian Pulbrook arrived in Tasmania soon after he completed his apprenticeship in Victoria in the early 1960s and he quickly established himself as one of Tasmania's top riders. He snared his first jockeys' premiership in 1965-66 with 46 winners and he won the title again in 1976-77 with 45 winners.

Brian was considered a master horseman when riding against arguably the best group of jockeys in the state, including Geoff Prouse, Max Baker and Gary King, all of whom are members of the Tasmanian Racing Hall of Fame. He rode multiple feature race winners during his time in the saddle, including a Launceston Cup, Tasmanian Derby, three Tasmanian Oaks and two Tasmanian Guineas.

Brian was lured to the state by Hall of

Fame trainer Brian Lomasney for whom he was stable rider for five years. During this time he was always in the top three on the jockeys' premiership list. Brian also had a great association with Bastille Beggar winning multiple weight-for-age races on the Walter McShane trained galloper.

As an apprentice, Brian won a Lightning Stakes aboard at Flemington in 1959 aboard Ritmar, leading to Melbourne media pundits hailing him a star on the rise. Brian Maxwell Pulbrook was considered a popular and likeable character. He was extremely competitive and renowned for his fondness of horses.

HALL OF FAME HORSE INDUCTEE
WATNEY

Tasmanian-bred and trained in Melbourne by Kel Chapman, Watney was one of the best sprinters of his era.

He won 11 races including three Group 1s in three states in the one season - the 1980 Pure Pak Stakes at Flemington, 1981 All Aged Stakes at Randwick and 1981 Stradbroke Handicap at Eagle Farm. In all three Group 1 wins, he was ridden by Robert Heffernan. The Pure Pak Stakes has had many name changes over the years and is now known as the VRC Sprint Classic.

Watney's name sits alongside several very famous past winners of the same race including Vain, Dual Choice, Century, Maybe Mahal, Special, Hareeba, Takeover Target, Miss Andretti and Black Caviar.

Watney was also placed in the Group 1 Invitation Stakes and Toorak Handicap, both at Caulfield, and the then Group 2 William Reid Stakes at Moonee Valley (behind Manikato).

Watney was sired by Tasmania's 1970 Caulfield Cup winner Beer Street, who stood at Mrs. Sybil Wilson's Harpley Stud at East Devonport. His dam, Shoecream, was based, at the time, at John Lyne's Leighton Stud at Evandale. Both Beer Street and Shoecream were owned by Melbourne solicitor Jim Merralls who also raced Watney in a partnership. Watney stood at stud on his retirement but like Beer Street, was not greatly patronised. His best progeny was Double Gin, a five-time stakes winner that won 18 races in total and was also second in the Adelaide Cup and SAJC Derby.

HALL OF FAME ASSOCIATE
INDUCTEE
JAMES MUNTING

James Munting is one of the truly unsung heroes of Tasmania's thoroughbred racing industry. Born in 1855 into a farming family he was quick to find his niche with horses and it was his love of the equine

species that led him to find his way to Calstock, which was regarded as the most successful thoroughbred stud in Australia of its time. He spent 41 years working for Calstock and remained domiciled on the property until his death in 1942.

Jimmy rode with success throughout Tasmania in the late 1800s, scoring multiple wins aboard The Rake on the flat and over hurdles. He won four races in succession aboard The Rake in the space of six days, winning twice on New Year Day in 1880 at Deloraine, firstly over 2400 metres and later over 1200 metres.

In 1887 Jimmy rode winners at Flemington in consecutive meetings aboard Pearson, and he partnered Thomas to victory in Adelaide the following month on Adelaide Cup day. He was also regarded as an astute trainer with a keen eye for a horse.

Jimmy's horse husbandry and training skills are demonstrated by his ability to train both sprinters and stayers with success in both flat and hurdle racing. His involvement spanned more than 70 years, during which time he not only rode and trained but was a mentor, advisor, guide and friend to many.

His obituary published in The Advocate newspaper in 1942 described Jimmy Munting as Tasmanian turf's best known and most colourful characters.

HALL OF FAME HORSE INDUCTEE
SOVEREIGN NOTION

Sovereign Notion arrived in Tasmania in 1985, having spent most of his previous racing life in the care of top Victorian trainer Colin Hayes, who trained the gelding for Robert Sangster. He was purchased sight unseen for \$18,000 and was raced in Tasmania by Brian Heffernan, Peter Gardiner, Kevin Estcourt and the late Bernie Gorman.

The gelding performed well in his first season in the care of astute Tasmanian trainer Stafford Devine, but it was in the summer of the 1986-87 season that he excelled. During that season he won four weight-for-age races in the space of five starts over eight weeks to take his season tally to eight wins, earning him the Horse of the Year title.

Sovereign Notion collected a track record in winning the weight-for-age Mowbray Stakes over 1600m, and he went close to repeating that feat in the Tasmanian Stakes. He was entered for the Hobart Cup but failed to run out the distance, but so talented was he that Devine prepared him to win a weight-for-age race over 1100 metres at his subsequent start three weeks later. Sovereign Notion had to be well managed by his trainer owing to a nearside foreleg tendon problem. Most pundits of the era claimed he could have been a world beater had he been fully sound.

A partnership of 10 (Only 4 left)

is being formed to race an athletic filly by one of Australia's best stallions

HUSSON by Hussonet

- * Sire of outstanding fillies Peron, The Huntress, Lady Hussy, Affable, Go Again, Little Miss Smiley

- Under Command (5 wins \$359,855)
- Terra Amata (Carbine Club Plate)

Needs Further

is a boost to the

TASMANIAN BREEDING INDUSTRY

When Armidale Stud took the chance on standing another stallion in Tasmania after the tragic passing of Savoire Vivre, little did it know that the events in Sydney during the spring would help lift the profile of its new stallion Needs Further.

At the time of writing, star colt Hallowed Crown (Street Sense) was further enhancing his half brother's stallion credentials. Firstly, when the colt stormed home to win the Group 1 Golden Rose over 1400m, which in turn has led to a 50 per cent purchase by Sheikh Mohammed's Darley Stud securing Hallowed Crown's own future at stud.

Hallowed Crown and Needs Further (x Encosta De Lago) are from the Golden Slipper runner-up Crowned Glory (x Danehill) who, during a short racing career, showed that she was blessed with plenty of natural talent.

A winner on debut at two at Mornington, Crowned Glory progressed quickly through the classes, being stakes placed at her second outing before winning at her subsequent outing in the Group 3 Bloodhorse Breeders' Stakes over 1200m at Flemington in March 2000.

In Sydney, she was fourth to Belle du Jour's in the Reisling Slipper Trial (Group 2, 1200m) before a gallant second to the same filly in an especially memorable running of the Golden Slipper Stakes (Group 1, 1200m).

At stud, Crowned Glory produced three winners from her first four foals, but it was not until her fifth foal that she delivered a black type runner when Needs Further won the Group 3 Carbine Club Stakes at Randwick.

Needs Further was a highly talented galloper which won three of his five lifetime starts before a joint issue curtailed his racing career.

Needs Further won accolades from all those associated with him.

His trainer Gai Waterhouse said:
"He's a very exciting horse in the making ... he was to be my Doncaster horse (2012), that's how highly I rated his ability as a racehorse."

Andrew Baddock, Gooree Stud Manager said:
"From birth he was always a bit of a standout. He's a lovely big strong type and I have no doubt he can make the grade as a sire."

Needs Further only raced once as a 2 year old. Based on his impressive 5 3/4 length barrier trial win at Randwick two weeks earlier and Blake Shinn's pre-race comment to the press *"We think he is one of our (Waterhouse stable) top two-year-olds"*.

The bookmakers installed him as an odds-on-favourite at his debut. He bungled the start badly missing vital lengths, but still managed to run third to subsequent 2 year old Group 1 winner Skilled. Highly respected Sydney racing journalist Ken Callander wrote in the following Monday's "Daily Telegraph", *"Forget it ran. After being used up, it was a big effort to finish as close as he did."*

Photo's

1. White Yard x Needs Further
2. Needs Further
3. Grisbi x Needs Further
4. Sunny Skies x Needs Further
5. Kuwani Mocha X Needs Further

Photo: Buzzing Along x Needs Further

At three, Needs Further won three in succession, culminating in the AJC Group 3 Carbine Club Stakes over 1600m at Randwick, prompting his rider Nash Rawiller to say, "This is a really serious horse."

On the same day Needs Further won his Group 3, super mare Black Caviar notched one of her great wins, coming from behind to defeat Hay List.

Needs Further ran home quicker than Black Caviar with a final 200m in 11.93s, according to ANZ Bloodstock Sectional Times Weekly.

There is no doubt he was fast, but he also possessed great acceleration and an incredible will to win.

The three horses that finished behind Needs Further in the Carbine Club all went on to either win or place in Group 1 races.

Trainer Gai Waterhouse was confident she had a Group 1 horse in the making, but unfortunately, after two unsuccessful attempts to return him to the racetrack, a niggling joint issue finished his racing career.

Needs Further is bred in the purple being by champion sire Encosta de Lago, from a brilliant daughter of Danehill.

Such is its regard for Needs Further, breeders Gooree Stud has retained breeding rights in the stallion.

.....
Armidale Stud's co-director David Whishaw commented on the new stallion acquisition.

"We have been on the lookout for a replacement for our very successful sire Savoie Vivre (GB), and have been conscious that the market demands precocious types.

"We were offered a number of potential stallions, but this is the only horse that really got us excited and ticked all our boxes."
.....

Needs Further stands at Armidale Stud in Tasmania at \$3,300 (incl GST).

He has been well supported by local and interstate breeders who appreciate Needs Further's brilliant pedigree.

Need Further already has some lovely types on the ground including:

Fillies out of Gehenna (2YO of the Year) and the dam of Melbourne winner Happy As Hell and the stakes placed Buzzing Along, who was second behind the Queen of Tasmanian Racing - Lady Lynette in the 2012 Listed Vamos Stakes.

Cassandra Gale and Tibooburra Travis

Jess Price and Bro Delago

Jess Cowan and Raise the Colours

The “Tasracing off the Track” program is designed to promote the welfare of retired racehorses by encouraging those involved in horse sports to consider a retired racehorse, and to recognise and reward existing owners of retired Tasmanian racehorses for their achievements beyond racing. In 2014-15 Tasracing Off the Track will be supporting the following equestrian disciplines:

- Dressage
- Eventing
- Showjumping
- Pony Club

Thoroughbreds are a highly sought after breed for equestrian disciplines not only because of their striking presence but also for their versatility and character. Many retired racehorses in Tasmania have successfully transitioned into careers in hacking, show jumping, polo, dressage, eventing and as pony club all-rounders.

Tasracing’s OTT program recognises the achievement of this transition into a new career and supports a number of equestrian programs that demonstrate the versatility of retired racehorses. Throughout the year, Tasracing OTT provides awards to retired racehorses and their new owners who have gone on to achieve great things in other sports.

If you are involved in organised horse sports where there are retired racehorses participating and would like to get involved, we would love to hear from you. For further information contact Tasracing Off the Track at offthetrack@tasracing.com.au

OFF THE TRACK TESTIMONIAL

“ My name is Jess Price, I am privileged enough to have been given the opportunity to own and ride off the track thoroughbreds. I love the off the track horses, when you believe they can be the best, they will be and I’ve never ridden a horse with more heart than an ex racer.

In the future I hope to continue to ride and train these amazing horses with help from my friends and contacts within the racing industry, my coaches and my supportive family. ”

WTP

WINNING TONGUE PLATE BIT

THE DIFFERENCE BETWEEN WINNING AND LOSING!

Extended Plate

Amazing for any breathing problems and the only bit in the world to stop displacement of the soft palate.

Normal Plate

Rated by riders and trainers as like having power steering! Riders say it's the best bit in the world - the bit of the future!

JULIEN WELSH *Champion Breaker*
Revolutionary bit - I bought 25.

DAVID HAYES *Champion Trainer*
Major breakthrough. I recommend it.

MEGAN JONES *Olympic Champion*
Works great. You must try it.

The large ring runs through the plate. No small retainer ring required.

- ◆ Stops the bit pinching the tongue
- ◆ Stops the tongue getting over the bit
- ◆ Stops roof rubbing and lip pinching
- ◆ Stops the tongue hanging out of the mouth
- ◆ Stops the horse headshaking, pulling & bolting
- ◆ Stops the horse hanging, rearing & bucking
- ◆ Stops displacement of the soft palate
- ◆ Stops mouth opening and respiratory noise
- ◆ Better oxygen supply, therefore better speed
- ◆ Proven to prevent lung bleeding (EIPH)
- ◆ Proven to improve performance
- ◆ Riders comment it's 'like having power steering'

ORDER NOW! Contact your saddlery or phone +61 0413 898 128 www.iwinners.com

From humble beginnings Tasmanian Horse Transport has developed a strong following of discerning clientele.

It's repeat customer base includes the who's who of the horse industry and demonstrates their dedication to providing first class services with the utmost importance on attention to detail and the safe transportation of horses.

It's fleet of state of the art equipment and trucks sets them apart from their competition. The fleet is not only impressive on the exterior but is fitted with a fully insulated interior which includes an "air cool" system and auto waterers to ensure horses travel in the utmost comfort.

The business goes out of its way to cater for individual requirements, dedicating special trips for breeding,

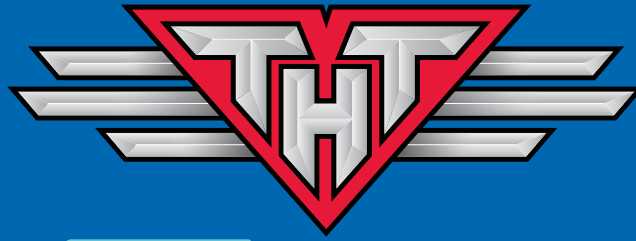

racing and sales horses to ensure the least amount of time as possible is spent in transit whilst making sure the horses are well rested along the way.

A shift in focus from the pleasure horse industry to the racing scene has seen the company represented at all the major horse sales.

Tasmanian Horse Transport

"We deliver a professional service ... our staff go above and beyond to ensure horses arrive in best possible condition. "

Tasmanian **HORSE TRANSPORT**

Tasmanian Horse Transport is the only company personally offering a first class service from Hobart to Brisbane and all places in between. Family owned and operated, we concentrate on the Hume, Pacific and New England Highways.

Our fully customised fleet offers your horse comfort and safety second to none. Our dedicated staff prides themselves on providing you with the most reliable, regular and professional service in the industry and are happy to cater for individual needs.

- ***Air Ride suspension***
- ***Wide fully adjustable bays automatic watering onboard***
- ***Air cool fan system, excellent ventilation***
- ***Surveillance cameras throughout***
- ***Safe quality private stabling enroute***
- ***Side and rear loading***
- ***Credit card facilities***

The Tapeta Series

THE decision to stage a winter series on the Tapeta track at Spreyton has been hailed a huge success by industry participants. \$20,000 Sprint and Distance preludes, which led into \$25,000 finals, were the features over the five-week series. The series produced capacity fields in all races on most days, with the five-meeting series culminating with the running of the \$25,000 distance final over 1880 metres on Sunday 31 August 2014.

The Alana Fulton-trained Savabeel mare Landstar emerged triumphant in the inaugural Tapeta Winter Series Stayers Final over another highly promising stayer in Adam Trinder's Big Time. Big Time, who had won the \$20,000 Distance prelude in the lead up to the event was gallant in defeat. Both horses are now set for a tilt at major honours in the summer, with the \$100,000 Devonport Cup as Landstar's main mission this season.

The Sprint final was won by Innocent Gamble, who completed a clean sweep of the Sprint features having won the Sprint Prelude two weeks earlier.

Innocent Gamble stalked race leader Loaded Owners to the home turn and when stable apprentice Ismail Toker called on the gelded son of Elvstroem for the supreme effort, he powered past the

leader and went on to win comfortably from the fast-finishing Iggimacool. Loaded Owners finished a close-up third.

It was Innocent Gamble's sixth win from nine tries on the synthetic surface and Toker's seventh win on the gelding that was formerly trained by Mark Riley in Melbourne. It was Riley who prepared the horse to win a Blue Diamond Preview as a two-year-old.

The Barry Campbell-trained gelding is now in the paddock and will be brought back for the \$20,000 sprint race on his home track on Devonport Cup day.

The 2014 winter racing season at Tapeta Park has once again unearthed a number of highly promising prospects, just as it did in 2013 with Star Mare Black 'n' Tough.

Lightly raced five-year-old Tennessee Drive, confirming his status as one of the state's most promising sprinters. The Troy Blacker trained gelding powered his way in a track record time of 58.37 seconds to eclipse Arenzano's previous best of 58.51 that she set in June last year.

Trainer Bill Ryan and owner Maurice Mace added to their quality string with the emergence of promising stayer Genuine Lad, who made it three wins in succession on the synthetic track in June and will now be aimed at the major cups next season. In doing so, Genuine Lad bettered 2013 Devonport Cup winner Red Eagles' previous track record over 1880m, registering a time of 1:56.26

- 1) Ismail Toker on Innocent Gamble winner of the Tapeta Sprint Prelude and the Tapeta Sprint Final being led by Tania Coward
- 2) Tennessee Drive with Hayley McCarthy
- 3) Genuine Lad with Brendon McCoull
- 4) Landstar (Anthony Darmanin) and Big Time (Daniel Ganderton) fight out the finish of the Tapeta Distance Final.

programme notes

The Tasmanian Summer Program presents several initiatives, which will provide excellent opportunities for participants throughout the feature summer racing period.

Noticeably, December 1 will see the introduction of increased base level stakes in Maiden, Class 1 and Benchmark 62 races by \$1,500 to \$14,000 to ensure Tasmanian prize money levels remain comparable to Victorian provincial meetings.

To maintain balance in the tiered stakes structure Class 2 and Benchmark 72 race stakes will also be increased by \$1,000 to \$15,000 and Class 4 by \$1,000 to \$16,000.

In addition, the Hobart Guineas, the Tasmanian Guineas, the Tasmanian Stakes and the Newmarket Handicap received a \$10,000 increase to \$100,000. This ensures that all black type races in Tasmania are run at a minimum stake level of \$100,000.

The Feature Race program for Summer 2014/15 has undergone noticeable alteration to accommodate the introduction of a Friday twilight fixture for the TRC Tasmanian Derby meeting on 6 February, which will complement by the Hobart Cup on Monday 9 February.

TSRC 2014/15 will also see the TTC Tasmanian Oaks run on 'Ladies Day' Sunday 22 February, three days prior to the Launceston Cup.

Tasracing has assisted both the TRC and TTC in restructuring the schedule so to present an opportunity to deliver 'Mini Carnival' race days. The 'Mini Carnival' race days are focused on strategically placing events around the TSRC major races, to maximise opportunity for the race clubs to enhance public attendance.

In doing so, the following changes to the feature race program have been required to best fit the needs of horses and participants, whilst also accommodating restrictions with SKY broadcast availability.

Tasmanian Racing Club

- Hobart Cup Day reverts from Sunday to Monday 9 February (Regatta Day Public Holiday)
- Tasmanian Derby & Bow Mistress Trophy to Friday Twilight 6th February, from the preceding Sunday
- Hobart Guineas Day to Sunday 25th January, a week later than 2013 - to accommodate flow into Tasmanian Derby Day

- Tasmanian Guineas LR moves from TTC (Swap for Tasmanian Stakes LR) to Sunday 11 January – to accommodate flow into Tasmanian Derby day
- Winzenberg Trophy & Alexandra Plate to be run on a Friday Twilight meeting 19 December, in lieu of traditional Sunday fixture
- Goodwood Hcp & 2YO Debutante to Sunday November 16th from Sunday 20th October in 2013. To facilitate desired program coordination into TTC Newmarket Hcp

Tasmanian Turf Club

- Tasmanian Oaks to Sunday 22 February, placing it between Wednesday meetings for Vamos Stks and Launceston Cup, from Wednesday 18 February
- Night Cup to Wednesday 18 February to bolster Vamos Stks meeting, from Wednesday 11th February
- Tasmanian Stakes LR WFA from TRC (Swap for Tasmanian Guineas LR) to Wednesday 31 December

Following a successful trial throughout August and September which delivered both increased field sizes and positive feedback from participants Tasracing have adopted revised Benchmark bands. Notably with Benchmark 72 and Benchmark 82 in lieu of previous Benchmark 68 & Benchmark 78 bands.

REVISED	Benchmark 62	Benchmark 72	Benchmark 82	OPEN
PREVIOUS	Benchmark 62	Benchmark 68	Benchmark 68	OPEN

The implementation of this initiative will assist in improved distribution of the population across programmed races, increasing breadth of distribution of prize money and also assisting in better field sizes to improve wagering.

Tasracing will review all key metrics - racing population distribution, race nomination numbers, average race field sizes and average race wagering turnover, throughout this time to gauge the effectiveness of the program.

WEDNESDAY 25 FEBRUARY 2015
THE TOTE RACING CENTRE, LAUNCESTON

NOMINATIONS: \$440 (GST inclusive)

Close at 12 noon Thursday 12 February 2015

LATE ENTRY: \$4,400 (GST inclusive)

Close at 12 noon Monday 16 February 2015

WEIGHTS:

Weights declared by 3 pm Tuesday 17 February 2015

FINAL ACCEPTANCE: \$2,475 (GST inclusive)

Close at 9 am Friday 20 February 2015

DECLARATION OF RIDERS:

Close at 12 noon Friday 20 February 2015

SCRATCHING FEE: \$1,237.50 (GST inclusive)

Scratching Fee applicable unless a Veterinary Certificate is tendered.

BALLOTING CONDITIONS:

Refer Local Rule 11.1(e)

BALLOT EXEMPTIONS:

The winner of the 2015 Sydeston Night Cup and the 2015 Tasmanian Derby will be exempt from ballot for the 2015 Betfair Launceston Cup.

The winner of the 2015 Tasmanian Derby is eligible for ballot free entry and will be allocated 52kg.

N.B. Conditions of Entry: Horses declared to be emergencies and which fail to gain a start, or horses which are eliminated under the balloting conditions are still liable for the nomination fees and only the declaration of acceptance fee will be refunded. Acceptance fees must be paid prior to the horse starting. Provided that notwithstanding the foregoing, Tasracing may in its absolute discretion eliminate any horse or horses from this race and/or exclude any horse or horses from the operation of the preceding elimination conditions. Tasracing reserves the right from time to time to alter the date of running, to make any alteration or modification in this race, to cancel the meeting or any portion thereof, to alter time for taking entries or acceptances, also the right to reject at any time any entry submitted to or for them.

King Island Racing

Country racing always has a story to tell, but none like King Island.

Stuck in the middle of Bass Strait, the King Island Racing Club should logically not have survived its 117 years of racing.

In 1892 the winner's cheque was paid in wallaby skins, a form of currency in those days. These days, they fly in the stewards, jockeys and bookmakers.

Come September, as the sun unfolds over Bass Strait, it is not just the dairy farmers that are out and about, 80 odd horses are in work, preparing for the summer carnival.

Rather uniquely, King Island's race programs are dual code; a mix of gallopers and pacers which both race on the one mile grass track. A number of clubs throughout the world could lay claim to staging dual meets, but it is unlikely that many would have them both running on grass.

The main thrust of King Island racing is having fun. Always has been. Our race club would not have survived the past century if racegoers didn't have one helluva time!

Fly in one day and see what all the fuss is about.

The Cleaner trialling at his home track at longford

TATTERSALL'S PARK

Tattersall's Park is located just 12 minutes from the Hobart CBD and 23 km's north of the Hobart Airport. It is a unique venue combining both modern facilities with a sense of history as you overlook Hobart's historic racecourse, the Derwent River, Mt Wellington and the skyline foothills.

On site parking offers plenty of free accessible parking, and incorporates numerous bars, sensational viewing platforms and on course betting facilities.

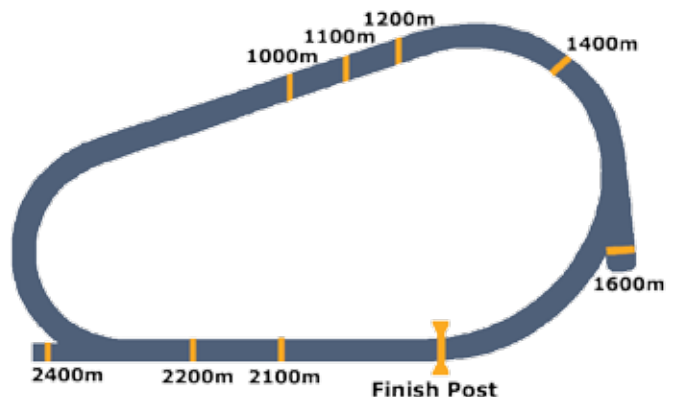

THE TRACK

Tattersall's Park offers a gently underlating track that rises from the 900m - 1000m marks producing a testing run to the line. The track is predominately a blend of nui ryegrass and impact ryegrass.

Direction: Anti-clockwise
 Circumference: 1998m
 Straight: 315m
 Track Width: Approx 22m
 Surface: Turf

1. In the event of a rail having to be moved or for any other safety reason, the Chairman of Stewards may re-assess the field limits accordingly.
2. Field limits for all 2YO events programmed between the first day of the current racing season (1st August) and the last day of the calendar year (31st Dec) inclusive, will be reduced by two (2) runners. (Excluding 900 and 1000 metre starts).

NOTE:

When the moveable rail is not in the true position, Tasracing may opt to run races at approximate distances. This will permit the barrier stalls to be placed at the farthest distance from turns. In such cases, field limits may be reassessed by Stewards.

GRASS GALLOPS

Available each non raceday Tuesday and Friday on request. Requests must be made prior to 2pm on the preceding day to Tasracing.

JUMP OUTS

Available post official trails on request. Requests must be made prior to 2pm on the preceding day to Tasracing.

THE TOTE RACING CENTRE

The TOTE Racing Centre is located approximately 3 kilometres from the heart of Launceston City in Jellico Street, Mowbray.

Launceston is the second largest city in Tasmania and is an ideal base from which to experience essential Tasmania historic villages, national trust properties, wilderness, arts, markets, national parks, breath-taking scenery and internationally acclaimed food and wine, grown in a clean, unspoilt environment. Launceston is a thriving City with accommodation of international standard.

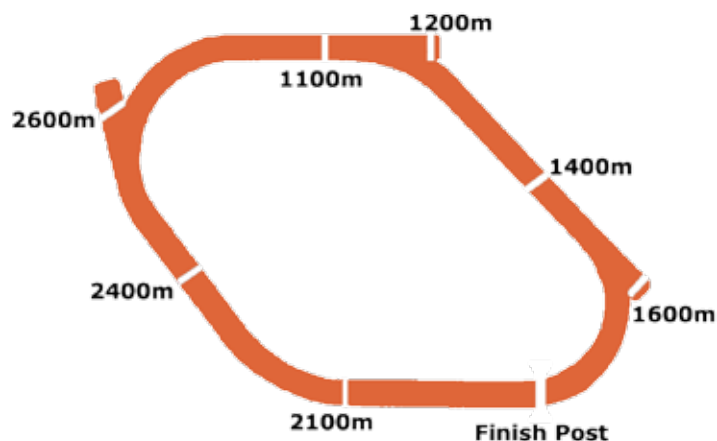

THE TRACK

The TOTE Racing Centre surface showcases one of Tasmania's home grown exports, 'Strathayr' turf which is highly respected for its durability and consistency.

- Direction:** Anti-clockwise
- Circumference:** 1817m
- Straight:** 250m
- Track Width:** Approx 25m
- Surface:** Turf - Strathayr

JUMP OUTS

Available each non race day after 10:00 am and on Wednesday and Saturday after 9:00 am unless otherwise specified by the track steward.

TAPETA PARK

The Devonport Racing Club is situated only 9 minutes from the centre of Devonport and only 14 minutes from the Spirit of Tasmania's dock.

The DRC offers free parking, on course betting facilities, a bar and bistro and an upstairs function centre enjoying panoramic views of the track.

THE TRACK

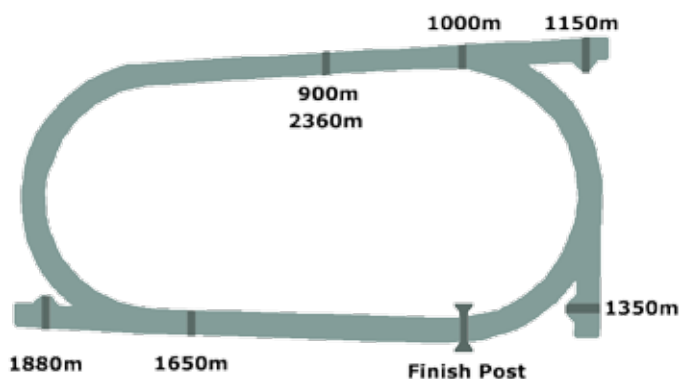

Tapeta Park, Devonport, features an all-weather, synthetic surface with no demonstrated track bias, allowing winners from all positions in running and critically facilitates performance consistent with exposed form.

- Direction: Anti-clockwise
- Circumference: 1459m
- Straight: 305m
- Track Width: 18m
- Surface: Synthetic - Tapeta

Breeder Nomination: \$220 (incl GST)

Owner Nomination: \$330 (incl GST)

A horse may be only breeder nominated or only owner nominated or both. A once-off fee is paid to Tasracing when the horse is a yearling and the horse then becomes eligible for a bonus whilst it is a 2, 3 and 4 year old, for its maiden win or for one of any special bonus races.

SPECIAL BONUS RACES

Special bonus races will offer owners and breeders an additional \$4,000 (\$3,000 owner/\$1,000 breeder) bonus for non-maiden horses winning specified 2YO and 3YO races (of \$50,000 or less).

These will include selected 2YO and 3YO feature races and 2YO and 3YO handicap races.

A maiden winning a specified race will however only be eligible for its maiden bonus (i.e. The special race bonus will not apply).

BONUS PAYMENTS TABLE

tasBonus Scheme (ex GST)	2YO & 3YO	4YO
Breeder	\$1,000.00	\$ 750.00
Owner	\$3,000.00	\$2,250.00
Total	\$4,000.00	\$3,000.00

Trainer	\$150.00
Jockey	\$ 75.00

DOUBLE UP SALE VOUCHER OPTION

The scheme will also provide a "Double Up Sale Voucher" facility for owners (this does not apply to breeders). This will allow the winning owners of specified races, as designated by Tasracing, the option of converting their \$3,000 cash bonus into a \$6,000 sale credit. This credit must be redeemed at the subsequent Tasmanian Yearling Sale.

Owners will be given 14 days to notify whether they would like their \$3,000 cash bonus converted into a \$6,000 sale credit.

Conditions apply. Please refer to www.tasracing.com.au for more information.

TASMANIAN RATINGS BASED TEMPLATE

Instructions: Follow the line across from the rating to find the weight a horse would carry in the various race-type columns.

Fillies and Mares: When fillies and mares race against male horses they shall receive a 2.0 kg weight allowance.

3YO's: When 3YO horses race against older horses they shall receive a weight allowance which is a sliding scale that varies from 2.5kg in August to nil by the end of the season. In open races they shall receive a weight allowance at the handicapper's discretion.

Some Victorian race columns have been included to provide a guide to the weights a horse might expect to receive in these events.

Unraced horses rated 59 are eligible to compete in BM 62

Stylish home, breathtaking rural charm & horse trainers paradise

WOODREIVE STUD AND HORSE TRAINING COMPLEX

Located in picturesque Brighton, Tasmania, Woodreive Stud provides 90.59 hectares of prime property with perfect access to the states racing venues.

Features of the property include:

- 1,550 metre all weather dirt track
- 1,600 metre fully irrigated grass track
- 6 inside stables with tack room
- 22 day yards with shelter boxes
- 2,100m² dressage arena
- 3 bedroom, 3 bathroom grand home with games room, sauna and double garage

NEW TRACK RATING SCALE

The new Track Ratings Scale effective 1 December 2014:

Rating	Numerical Rating	Description of Numerical Rating
Firm	1	Dry hard track
Firm	2	Firm track with reasonable grass coverage
Good	3	Track with good grass coverage and cushion
Good	4	Track with some give in it
Soft	5	Track with a reasonable amount of give in it
Soft	6	Moist but not a badly affected track
Soft	7	More rain-affected track that will chop out
Heavy	8	Rain affected track that horses will get into
Heavy	9	Wet track getting into a squelchy area
Heavy	10	Heaviest category track, very wet, towards saturation.

SAFETY NOTICE

Our WHS and Injury Management Manager Max is always approachable and willing to assist in resolving any issues you may have and providing information or guidance on identified hazards or risks. He can be contacted at p.lomax@tasracing .com.au or 0400 077 874.

All persons should be aware that entry to Tasracing venues is at the individuals own risk and if any unlicensed person enters a restricted area such as the day stalls or barriers, they do so at their own risk. There are signs at all venues advising that this is the case.

Tasracing accepts no responsibility for injury or loss.

Of particular concern are children being allowed access to these areas, there are notices placed in these areas stating that this is not to occur. Under the new workplace legislation that came into effect in January 2013 these areas are clearly work areas and high risk and therefore have to have strict controls and guidelines governing their use.

All users of these areas, such as Trainers, Jockeys, Club officials and RST staff are considered to be a Person Conducting a Business or Undertaking (PCBU) under the legislation and as such carry equal responsibility for ensuring that the areas are as safe as reasonably practicable.

AMENDMENTS TO AUSTRALIAN RULES OF RACING ... Continued

INTRA-ARTICULAR CORTICOSTEROID TREATMENT STAND-DOWN PERIOD

Trainers and veterinarians should note the introduction of an Australian Rule of Racing that prohibits the administration of an intra-articular ("into the joint") corticosteroid preparation to a Thoroughbred racehorse within 8 Clear Days of racing. This Rule is effective from 1st August 2014.

The Australian Racing Board has made this decision in the best interests of the welfare of the horse and safety of riders whilst being cognisant of Australian racing conditions.

The Rule reads as follows: "AR.64M. A horse that has been subjected to an intra-articular administration of a corticosteroid preparation, whether the preparation is administered alone or in combination with other preparations, is ineligible to participate in any race, official trial or jumpout at any time during the 8 Clear Days (as defined in AR.1) following midnight on the day of the administration."

Note: A Clear Day is defined within the Rule to mean a twenty-four hour period from 12:01 a.m. to 12 midnight. For practical purposes, a clear day restriction means that the calculation of the number of days for which the procedure/treatment is banned does not take into account the day of treatment nor the day of racing.

As such a stand down time of 8 clear days equates to 10 regular days when including the day of administration and the day of racing.

For the purpose of AR.64M and by way of example, if a horse was subjected to an intra-articular administration of a corticosteroid at any time on a Monday (1st day of the month), that horse would be ineligible to race until the Wednesday of the following week (10th day of the month). Similarly, a horse treated with an intra-articular

corticosteroid on a Thursday is ineligible to race until the 2nd Saturday after treatment.

Corticosteroid preparations that are subject to this rule include, but are not limited to: triamcinolone (Kenacort, Triamolone Forte), betamethasone (Celestone Chronodose), dexamethasone and methylprednisolone (Depo-Medrol) preparations. They are all Schedule 4 Prescription Medicines or Prescription Animal Remedies, and in the case of an intra-articular administration, must be administered by a veterinarian.

The minimum stand down time is intended as a minimum period before racing within which any corticosteroid preparation must not be administered intra-articularly, including the shorter-acting corticosteroids. This stand down period must not be confused with the recommended "withdrawal" time of the particular drug used. The "withdrawal" period for a prohibited substance is calculated to ensure a horse is presented clear of the prohibited substance when sampled. In certain situations, specifically for longer acting corticosteroid preparations such as methylprednisolone and for injections into low volume joints such as the lower hock joints, the recommended "withdrawal" period may be much longer than the minimum stand down time prescribed by AR.64M, and as such must continue to be observed.

Note: The administration of intra-articular corticosteroids is "treatment" according to AR.178F and therefore must be recorded by a trainer and/or their veterinarian as required by this Rule. Examination of treatment records will be one of the tools used by the Stewards to ensure trainer compliance with AR.64M.

AMENDMENT TO AUSTRALIAN RULES OF RACING AR.64J

Summary

The ARB has decided to introduce a new rule making it compulsory for owners to notify RISA on the retirement of their horse. The form specifically designed for this purpose will require the owner to indicate where the horse is destined (public auction, a paddock, a pony club, etc.).

The current system only requires a stable return for when a horse leaves a stable and approximately half of horses exiting a stable go to other trainers so we have no exact knowledge of the destination of ex-racehorses or even how many there are.

The ARB has identified the retirement of racehorses as a vitally important welfare issue and PRAs have adopted a number of rehoming programs to this end. The statistical data sought is an essential element in tracking retired racehorses.

AMENDMENT TO AR.64J

Please delete AR.64J and replace with the following: "AR.64J

- (1) Upon the death of a horse which had not been retired, the trainer or his or her authorised agent must report the occurrence to the relevant Principal Racing Authority or their agent as soon as practicable.
- (2) In the event of the deceased horse being included in a current stable return the trainer must as soon as practicable lodge an amended stable return in relation to the death.
- (3) Any person who fails to comply with the provisions of sub-rules (1) or (2) commits a breach of these Rules unless he or she proves to the satisfaction of the Stewards that he or she was not aware, and could not reasonably have been aware, of the death of the horse."

Date of effect: 1st July 2014

NEW RULE AR.64JA

Please insert the following: "AR.64JA

- (1) Where a horse has been retired from racing, the Manager (as defined in AR.1) of the horse at time of its retirement must, within one month of the horse's retirement, notify the Registrar by lodging the relevant form prescribed by the Registrar.
- (2) Where a form has been lodged in accordance with AR.64JA(1), the retired horse will cease to be registered and is ineligible to race unless it is re-registered.
- (3) Where a horse ceases to be registered under this Rule, the horse may not be re-registered except with the express permission of the Stewards.
- (4) Any person who fails to comply with AR.64JA(1) commits a breach of these Rules and may be penalised."

Date of effect: 1st July 2014

SUMMARY OF NEW ARR ON DRUG & ALCOHOL TESTING OF HORSE HANDLERS

These new rules stem from both a safety and an integrity viewpoint and after lengthy consultation from within and outside of the industry. A horse handler affected by an illicit substance or alcohol poses a significant safety risk in the work place to other workers and to horses in their care.

The major components of the new Rules are:

- 1. The power for Stewards to conduct drug and alcohol testing operations for the purpose of testing horse handlers is set out in the new Rule AR8(jjj). Further, as a condition of licence, horse handlers undertake to submit to tests that are intended to detect substances banned under these Rules.
- 2. The Rules relevant to the offence are outlined in new Rule AR.81AA.

AMENDMENTS TO AUSTRALIAN RULES OF RACING ... Continued

3. AR.81BB categorises the banned substances when found in a urine sample of a horse handler. They are broadly grouped into the following:
- Alcohol (at a concentration in excess of .05% on a breath analyser)
 - Cannabis
 - Amphetamines
 - Ecstasy
 - Cocaine

Additional Information on Banned Substances – Herbal Remedies

Riders and stable employees are warned against taking herbal and other “over the counter” medicines without firstly making thorough enquiries as to whether ingredients of such products are regarded as a banned substance. The fact that a medicine is herbal or indeed “non-prescription” does not at all guarantee that it does not contain a banned substance. In particular, there is a need to be wary of products where ingredients are not fully listed or herbal products where ingredients may vary between batches.

Just a few examples of these products that are available “over the counter” or via the internet that fall within the definition of a banned substance include:

1. Reductil: a weight reduction pill containing sibutramine;
2. Citrus aurantium (bitter orange) extract: containing the weight loss agent synephrine;
3. Coca tea derived from the coca plant: containing the illegal stimulant cocaine;
4. Thermo-lift classic formula: an appetite suppressant containing ephedrine; and
5. Ephedra sinica (ma huang) extract: an appetite suppressant containing ephedrine.

Breaches of the banned substance Rules attract substantial penalties which necessarily must contain elements of both specific and general deterrence.

Re-testing of Drug Offenders before resumption

Under AR.81AA(4) a horse handler incurring a penalty under this rule must not resume handling horses, unless otherwise authorised by the Stewards, until he delivers a sample as directed by the Stewards that is free of any substance banned by AR.81BB.

AMENDMENT TO AR.1

Addition to AR.1 as follows:

““Horse handler” means any licensed or any person who handles any horse at any meetings, trial, jump out or in training and includes but is not limited to stable hands, trainers, veterinarians, farriers and barrier attendants.”

Date of Effect: 1st July 2014

ADDITION OF RULE 8(JJJ)

Please insert the following:

“(jjj) To take or cause to be taken any sample from any horse handler either prior to or after handling any horse at any race meeting, official trial, jump out or in training, provided that this power may only be exercised where a Steward reasonably suspects that a horse handler is affected by a substance banned by AR.81BB. Reasonably suspects means suspects on grounds which are reasonable in the circumstances.”

Date of Effect: 1st July 2014

ADDITION OF RULE 8(JJJJ)

Please insert the following:

“(jjjj) to make or cause to be made any test to determine whether any substance banned by AR.81BB is present in a sample taken pursuant to (jjj) above.”

Date of Effect: 1st July 2014

ADDITION OF RULE 81AA

Please insert the following:

“AR.81AA. (1) Any Horse Handler commits an offence and may be penalised if:

- (a) A sample taken from him is found upon

analysis to contain a substance banned by AR.81BB; or

- (b) He refuses or fails to deliver a sample as directed by the Stewards, or tampers with or in any way hinders the collection of such sample.
- (2) Any Horse Handler may be prevented by the Stewards from handling any horse in training, based on any information, their own observations or on medical or other competent advice that his faculties may be impaired by any substance banned by AR.81BB.
- (3) In the event of any analysis or a preliminary analysis of a sample taken from a horse handler pursuant to AR.8(jjj) indicating the presence of a substance banned by AR.81BB, or if a Horse Handler refuses or fails to deliver a sample when directed to do so, the Stewards may forthwith, pending the determination of any inquiry or other proceeding, or the result of any other analysis, stand down such person from handling horses.
- (4) In the event of a Horse Handler incurring a penalty under this rule or being stood down from handling horses he shall not unless otherwise authorised by the Stewards resume handling horses until he delivers a sample as directed by the Stewards that is found upon analysis to be free of any substance banned by AR.81BB.”

Date of Effect: 1st July 2014

ADDITION OF RULE 81BB

Please insert the following:

“AR.81BB. The following substances and/or their metabolites, artefacts and isomers are declared as banned substances in horse handlers when present in a urine sample (unless otherwise stated) at a concentration above the applicable cut-off level:

Lysergic acid diethylamide

- (LSD) (0µg/L);
- All barbiturates (0µg/L);
- Cannabinoids (11-Nor-delta-9-tetrahydrocannabinol-9-carboxylic acid) (15µg/L);
- Alcohol (at a concentration in excess of 0.05% on a breath analyser);
- All stimulants – substances in this group include, but are not restricted to, Amphetamine (150µg/L);
- Methylamphetamine (150µg/L);
- Methylenedioxyamphetamine (MDA) (150µg/L);
- ylenedioxymethylamphetamine (MDEA) (150µg/L);
- ethyledioxymethylamphetamine (MDMA) (150µg/L);
- Methylphenidate (0µg/L);
- Modafinil (0µg/L);
- Cocaine (100µg/L);
- Ephedrine (10,000µg/L).

Substances in this group excluded are: Levo-amphetamine: Levo-methylamphetamine: Phenylpropanolamine: Pseudoephedrine.

All opiates and opioids – substances in this group include, but are not restricted to, Morphine (0µg/L, save as specified by AR.81C): Codeine (0µg/L, save as specified in AR.81C): Oxycodone (0µg/L): Fentanyl (0µg/L): Alfentanil (0µg/L): Pethidine (0µg/L): Methadone (0µg/L): Heroin (0µg/L): Monoacetylmorphine (0µg/L): Hydromorphone (0µg/L): Buprenorphine (0µg/L).

Substances in this group excluded are: Dihydrocodeine: Dextromethorphan: Pholcodine: Propoxyphene: Tramadol.

All dissociative anaesthetics and related substances – substance in this group include, but are not restricted to: Ketamine (0µg/L): Phencyclidine (0µg/L): Tiletamine (0µg/L).

All benzodiazepines – substances in this group include, but are not restricted to,

AMENDMENTS TO AUSTRALIAN RULES OF RACING ... Continued

Diazepam (200µg/L):
Nordiazepam (200µg/L):
Oxazepam (200µg/L):
Temazepam (200µg/L):
Alprazolam (100µg/L) as
alphahydroxylprazolam):
Clonazepam (100µg/L,
as 7-aminoclonazepam):
Flunitrazepam (100µg/L,
as 7-aminoflunitrazepam):
Nitrazepam (100µg/L,
as 7-aminonitrazepam):
Bromazepam (0µg/L):
Clobazam (0µg/L):
Flumazenil (0µg/L):
Lorazepam (0µg/L):

Triazolam (0µg/L): and
substances with similar
structure or pharmacological
activity – benzodiazepine
receptor agonists (zalplon:
zolpidem: zopiclone).”
Date of Effect: 1st July 2014

AMENDMENT TO RULE 81C

Please delete Rule 81C and
replace with the following:
“AR.81C. Notwithstanding
the provisions of AR.81B and
AR.81BB, when codeine and/
or morphine are detected in a
sample taken from a rider or a
horse handler then the sample
shall be deemed not to contain
codeine and morphine if:
(a) The total codeine and
morphine concentration is
less than 2,000Sg/L; or
(b) The total codeine and
morphine concentration
achieved in confirmatory
testing is in the range
2,000 to 15,000µg/L
inclusive and at least one
of the following applies:
(i) The codeine to
morphine ratio
contained in the sample
is greater than 1.0; or
(ii) The rider or Horse
Handler satisfies the
Stewards that there is
no illegal use of opiates
or opioids by the rider or
Horse Handler.”
Date of Effect: 1st July 2014

AMENDMENT TO RULE 81D

Please delete Rule 81D and
replace with the following:
“AR.81D. The Stewards may
stay in whole or in part, and for

such period and under such
terms and conditions as they
think fit, the operation of any
penalty imposed for a breach of
AR.81A or AR.81AA. Provided
that, in the event of any failure
to comply with any of the terms
and conditions of the stay, the
Stewards may order that the
penalty take effect.”
Date of Effect: 1st July 2014

AMENDMENT TO RULE 81E

Please delete Rule 81E and
replace with the following:
“AR.81E. Notwithstanding
the provisions of AR.81A and
AR.81AA, a Principal Racing
Authority may permit a rider
or horse handler to receive a
specified banned substance,
subject to the following
conditions:

- (a) The medication must be
essential treatment for a
substantial illness, condition
or ailment suffered by the
rider or horse handler;
(b) The medication must be
prescribed by a medical
practitioner who is a
recognised specialist in the
relevant field of medicine;
(c) The specialist medical
practitioner must certify:
(i) the nature of the
illness, condition or
ailment being suffered
by the rider or horse
handler.
(ii) that no alternative,
non-banned substance
would serve the same
purpose for the illness,
condition or ailment
concerned.
(iii) that the medication
would not affect the
rider in a race, trial or
trackwork to the extent
that it could in any way
constitute a danger to
other riders.
(iv) That the medication
would not affect the
horse handler in the
carrying out of his
duties and/or constitute
a danger to himself or
to others.
(d) The rider or the horse
handler must if requested
submit to medical
examination by a specialist
medical practitioner

appointed by a Principal
Racing Authority to advise
it on the matters referred
to in subparagraphs (i), (ii),
(iii) and (iv) of paragraph (c)
of this rule.

- (e) The rider or horse handler
must:
(i) Before riding or
handling any horse
make application
to the Principal
Racing Authority for
permission to ride or
handle a horse with a
specifically prescribed
banned substance in
his system.
(ii) Adhere strictly to his
prescribed medication,
and must report to the
Stewards immediately
he forms the intention
to discontinue or in
any way vary his
prescribed medication;
(iii) Report to the Stewards
immediately he
believes that either
his illness, condition
or ailment or his
medication may have
some influence on his
ability to ride or handle
a horse effectively and/
or safely.
(iv) Renew his application
for exemption on each
occasion on which
he applies for the
renewal of his licence,
registration, permit or
other qualification.”
Date of Effect: 1st July 2014

SUMMARY OF AMENDED
ARR ON SAFETY VESTS

The ARB approved changes
to the Rules governing the
certification of jockey safety
vests following the banning of
the Tipperary Vest for failing to
meet its certified standard.

In the interests of rider safety, the
ARB has decided to amendment
AR.87B to incorporate the
following enhancements to
Safety Vests:

- 1. Delete the SATRA standard
from the prescribed
standards as it is unreliable
and not used in any other
major racing jurisdiction.
2. Continue with only two
prescribed standards being

the ARB Standard and
the European Standard
EN 13158 as proven and
reliable safety standards.

- 3. Establish a list of Approved
Vests in addition to the
two prescribed standards
as an added safeguard
against self-certification or
substandard vests.
4. Permit the use of heavier
level 2 vests (raceday vests
are usually the lighter level
1 category) which may
provide a higher level of
protection for track work.

AMENDMENT TO AR.87B

Please delete AR.87B and
replace with the following:
“AR.87B. (1) Every rider shall
when mounted on a horse wear
a properly fastened Approved
or permitted safety vest the
standard of which has been
prescribed by Order of the
Board.

Provided that every such
Approved or permitted safety
vest shall be in a satisfactory
condition and shall have
attached to it a manufacturer’s
label that states that it complies
with the relevant standard
prescribed by the Board.

- (2) Notwithstanding
compliance with subrule
(1), no safety vest may be
worn in a race, official trial
or jumpout unless it is an
Approved safety vest. Such
Approved Level 1 safety
vests are: Hows Racesafe,
Ozvest, Racelite Pro and
Vipa.
(3) The Stewards may confiscate
or order the satisfactory
repair of any safety vest
that does not comply
with the requirements of
subrules (1) and (2).

Note: Pursuant to AR.87B, the
Australian Racing Board has
ordered that the following two
standards of safety vests only
are prescribed: ARB Standard
1.1998 and European Standard
EN 13158.”

Date of effect: 1st July 2014

AMENDMENT TO AR.87D

Please delete AR.87D and
replace with the following:
“AR.87D. Any rider required
by these rules to wear an
Approved safety vest may be
penalised if he wears or has

AMENDMENTS TO AUSTRALIAN RULES OF RACING ... Continued

in his possession any safety vest that does not conform with a standard which has been prescribed by the Board or which has been modified in any way."
Date of effect: 1st July 2014

AMENDMENT TO AR.118C
Please delete AR.118C and replace with the following:
"AR.118C. It shall be an offence for any rider -
(a) to in any way manipulate or attempt to manipulate the wearing of a safety vest to gain an unfair weight advantage in a race; or
(b) to weigh-out or attempt to weigh-out for a race or ride in any race when wearing an Approved safety vest that has been modified in any way.
(c) to weigh-out or attempt to weigh-out or ride in any race unless he is wearing an Approved safety vest."
Date of effect: 1st July 2014

AMENDMENT TO RULE 87B(2)
Summary
The Australian Racing Board has recently introduced a requirement that safety vests also be an Approved vest in addition to meeting either the European Standard EN 13158 or the ARB Standard 1.1998.

In deciding whether to grant Approved status to a safety vest, the ARB will apply a public interest test.

As a result of satisfying both requirements, the USG Flexi Race vest has now been added to the Approved list and can be worn by riders from 1st August, 2014.

Please amend AR.87B(2) as follows:
"(2) Notwithstanding compliance with subrule (1), no safety vest may be worn in a race, official trial or jumpout unless it is an Approved safety vest. Such Approved Level 1 safety vests are: Hows Racesafe, Ozvest, Racelite Pro, Vipa and USG Flexi Race.
Date of effect: 1st August, 2014

AMENDMENT TO RULE 178C(1)(G)

Summary
The Executive Council of the International Federation of Horseracing Authorities (IFHA) has approved the addition of a threshold level for free testosterone in blood plasma from geldings. This threshold level has been derived from international collaborative studies that included input from Australia. The threshold of 100 picograms per millilitre of free testosterone in gelding plasma has been recommended for inclusion in AR.178C(1)(g) by the ARB's Veterinary and Analysts Committee (VAC). As conjugated testosterone is not an entity in plasma, AR.178C(1)(g) has been redrafted accordingly.

Please amend AR.178C(1)(g) to read as follows:

- (1) The following prohibited substances when present at or below the concentrations respectively set out are excepted from the provisions of AR.178B and AR.178H:-
(g) Testosterone:
(i) in geldings: free testosterone and testosterone liberated from its conjugates at a mass concentration of 20 micrograms per litre in urine;
(ii) in fillies and mares: free testosterone and testosterone liberated from its conjugates at a mass concentration of 55 micrograms per litre in urine;
(iii) in fillies and mares that have been notified as pregnant pursuant to the requirements of AR.64E(2): free testosterone and testosterone liberated from its conjugates at any concentration in urine;
(iv) in geldings: free testosterone at a

of 100 picograms per millilitre in plasma.
Date of effect: 1st January, 2015

SCREENING LIMITS FOR THERAPEUTIC SUBSTANCES

For the purpose of AR.178EA, it is hereby notified that screening limits applicable to the following therapeutic substances, as approved by the Australian Racing Board, are set out as follows:

- acepromazine - 10 nanograms per millilitre (ng/ml) of the 2-(1-hydroxyethyl) promazine sulphoxide metabolite in urine
• betamethasone - 0.20ng/ml in urine
• butorphanol - 1ng/ml in urine
• carprofen - 100ng/ml in urine
• detomidine - 2ng/ml of the 3'-hydroxydetomidine metabolite in urine
• diclofenac - 50ng/ml in urine
• dipyrone - 1000ng/ml of the 4-methylaminoantipyrine metabolite in urine
• eltenac - 50ng/ml in urine
• flunixin - 100ng/ml in urine
• frusemide - 50ng/ml in urine
• hyoscine butylbromide (or n-butylscopolammonium) - 25ng/ml in urine
• ipratropium - 0.25ng/ml in urine
• ketoprofen - 100ng/ml in urine
• lignocaine - 10ng/ml of the 3'-hydroxylignocaine metabolite in urine
• meclofenamic acid - 250ng/ml in urine
• meloxicam - 10ng/ml in urine
• mepivacaine - 10ng/ml of the 3'-hydroxymepivacaine metabolite in urine
• naproxen - 250ng/ml in urine
• phenylbutazone - 100ng/ml in urine
• romifidine - 1ng/ml in urine
• triamcinolone acetonide - 0.5ng/ml in urine
• vedaprofen - 50ng/ml in urine

AMENDMENT TO RULE 178F

Summary
Following recent cases, the Chairman of Stewards Committee (COSC) believes that AR.178F needs to cover treatments such as shock wave, acupuncture, vaccinations and others rather than just administrations of substances. Furthermore, there is no time requirement in the rule for when treatments need to be recorded. The COSC believes that there is a need to amend AR.178F so that such treatments are recorded and that all records should be up to date on a daily basis.

The rationale for changes to AR.178F are as follows:

- To make it more clear that the rule applies to the administration of treatments and medications. What is meant by a treatment and medication is set out in more detail in AR.178F(2). Consequential amendments to the sub-rule have also been made to improve readability.
• To provide that each treatment or medication must be recorded "by midnight on the day on which the administration was given". This makes it clear that all treatment/medication administrations must be recorded on the same day as which they are given. By referring to "midnight" it is anticipated that arguments will be avoided about recording within a 24 hour (or "one day") period from administration.
• To slightly restructure the rule to move the requirement to keep records to a separate sub-rule (AR.178F(3)).
• To require the production of records relating to "treatment and/or medication".
• To introduce a new sub-rule AR.178F(5) which makes it clear that a failure to comply with any provision of AR.178F is a breach of the rule and that the trainer may be penalised

AMENDMENTS TO AUSTRALIAN RULES OF RACING ... Continued

Please delete AR.178F and replace with the following:

- (1) A trainer must record treatment and medication administered to each horse in his or her care by midnight on the day on which the administration was given, and each record must include the following information:
 - (a) the name of the horse;
 - (b) the date and time of administration of the treatment or medication;
 - (c) the name of the treatment or medication administered (brand name or active constituent);
 - (d) the route of administration including by injection, stomach tube, paste, topical application or inhalation);
 - (e) the amount of medication given (if applicable);
 - (f) the duration of a treatment (if applicable);
 - (g) the name and signature of person or persons administering and/or authorizing the administration of the treatment or medication.
- (2) For the purposes of this rule:
 - (a) "treatment" includes:
 - (i) shock wave therapy;
 - (ii) acupuncture (including laser treatment);
 - (iii) chiropractic treatment;
 - (iv) the use of any electrical stimulation device (including transcutaneous electrical nerve stimulation (TENS));
 - (v) magnetic field therapy;
 - (vi) ultrasound;
 - (vii) any form of oxygen therapy, including hyperbaric oxygen therapy; and
 - (b) "medication" includes:
 - (i) all Controlled Drugs (Schedule 8) administered by a veterinarian;
 - (ii) all Prescription Animal Remedies

- (iii) all Prescription Only Medicines (Schedule 4), prescribed and/or dispensed by a veterinarian for off-label use;
 - (iv) all injectable veterinary medicines (intravenous, intramuscular, subcutaneous, intra-articular) not already included above;
 - (v) all Pharmacist Only (Schedule 3) and Pharmacy Only (Schedule 2) medicines;
 - (vi) all veterinary and other medicines containing other scheduled and unscheduled prohibited substances;
 - (vii) all alkalising agents;
 - (viii) all herbal preparations.
- (3) All records required to be kept in accordance with this AR.178F must be retained by the trainer for not less than two years.
- (4) When requested, a trainer must make available to the Stewards the record of any administration of a treatment and/or medication required by sub-rule (1).
- (5) A trainer who fails to comply with any provision of AR.178F commits a breach of this Rule and may be penalised.

Date of Effect: 1st January, 2015

AMENDMENT TO RULE AR.195A

Summary

The ARB Board on 11th June 2014 approved amendments to AR.195A so as to put beyond doubt that disqualified persons were bound by the Rules of Racing during their period of disqualification.

Please delete AR.195A and insert the following:

"(1) Subject to AR.195A(2), if a licensed person is disqualified his or her licence immediately ceases and determines and he or she must make application to the Principal Racing Authority to be relicensed.

(2) A disqualified person is and remains bound by, and subject to, the Rules for the period of his or her disqualification."

Date of effect: 1st August, 2014

MEDIA RELEASE

NEW HORSE HANDLER RULES

The ARB has introduced new rules from 1 July which give stewards powers to test any trainer, strapper, vet, barrier attendant or other horse handler they suspect of being drug or alcohol affected.

These new rules stem from a safety viewpoint and have been formulated after two years consultation with industry bodies. A horse handler impaired by an illicit substance or alcohol, poses a significant safety risk in the workplace to other workers and to horses in their care.

As a condition of their licence, horse handlers undertake to submit to tests that are intended to detect substances banned under the new Rule **AR.81AA**.

The banned substances when found in a urine sample are broadly grouped into the following:

- Alcohol (in excess of .05%)
- Cannabis
- Amphetamines
- Ecstasy
- Cocaine

Stewards have further issued a warning to riders, trainers and stable employees against taking herbal and other "over the counter" medicines without firstly making thorough enquiries as to whether ingredients of such products

are regarded as a banned substance. The fact that a medicine is herbal or indeed "non-prescription" does not guarantee that it does not contain a banned substance.

Just a few examples of these products that are available "over the counter" or via the internet that fall within the definition of a banned substance include:

1. Reductil: a weight reduction pill containing sibutramine;
2. Citrus aurantium (bitter orange) extract: containing the weight loss agent synephrine;
3. Coca tea derived from the coca plant: containing the illegal stimulant cocaine;
4. Thermo-lift classic formula: an appetite suppressant containing ephedrine; and
5. Ephedra sinica (ma huang) extract: an appetite suppressant containing ephedrine.

Breaches of the banned substance Rules attract substantial penalties which necessarily must contain elements of both specific and general deterrence.

The ARB believes that mandatory testing for drug and alcohol is necessary in the interests of workplace safety, but also accepts the need to provide information and support to industry participants.

For this reason, in early 2013 the ARB commissioned the Centre of Law Enforcement and Public Health (CLEPH) to interview trainers' organizations, individual trainers, stablehands and the AWU on drug and alcohol issues. All available data was analysed by leading counsellors and practitioners in this field resulting in a

landmark report of immense value to the industry.

The report, titled “Reducing the Risk”, identified the extent of drug and alcohol problems and the resultant OH&S issues due to the high risk elements of stable work. As a result, Principal Racing Authorities (PRAs) will introduce the Australian Drug Foundation’s Drug Awareness program which horse handlers must complete online before obtaining a licence. The program is progressively being rolled out across the country.

Other support measures include a wallet card being distributed to all horse handlers which will contain key messages and contact numbers for drug and alcohol information or assistance.

Additionally, SMS messages of reinforcement will regularly be sent reminding horse handlers of the Drug Awareness Program, mandatory testing and sources of assistance.

Drug and alcohol use is widespread in the community and racing is no exception to societal trends. Racing Authorities have a zero tolerance policy to drugs in the workplace, but understand the need to educate horse handlers of the inherent dangers not least of all to their own health.

THOROUGHBRED PARTICIPANTS LICENCE CATEGORIES & ENTITLEMENTS

The following list explains what the entitlements are in relation to each category of licence. Participants should ensure they are appropriately licensed to perform any activity associated with thoroughbred racing.

CATEGORY ENTITLEMENTS

Trainer A	Permitted to train any registered thoroughbred horse. Not permitted to ride any registered racehorse unless also registered as a trackwork rider.
Trainer-Open Permit	Permitted to train any registered thoroughbred horse. Not permitted to ride any registered racehorse unless also registered as a trackwork rider.
Owner-Trainer	Permitted to only train registered thoroughbred horses owned or leased by the trainer solely or in partnership with his or her spouse, de facto spouse, their children over 18 years, father, mother, sisters and brothers. Not permitted to train for syndicates. Not permitted to ride any registered racehorse unless also registered as a trackwork rider.
Pre-Trainer	Permitted to break in, prepare and educate a registered thoroughbred horse prior to the horse being sent to a trainer for official training and/or racing. Not permitted to trial or nominate any horse for racing.
Stable Foreman	Permitted, under the supervision or instructions of a licensed trainer, to assist with the training, management, care and control of horses and assist with pre-race preparation of, and post-race procedures affecting a horse. Not permitted to ride any registered racehorse unless also registered as a trackwork rider.
Jockey A	Permitted to ride at any race meeting, trial, jump out or trackwork held within the State of Tasmania.
Victorian Licensed Jumps Jockey A or B	If licensed with RVL may apply for Tasmanian licence and be permitted to ride in trials, jump outs or trackwork.
Apprentice Jockey	Once approved to do so permitted to ride in any race meeting, trial, jump out or trackwork held within the State of Tasmania.
Approved Trial Rider	Permitted to ride trackwork, jumpouts and official trials within the State of Tasmania. Must also be licensed as a Stable Employee if intending to work in the stables of any trainer or assist on race day.
Stable Employee	Permitted, under the supervision or instructions of a licensed trainer, to assist with the training, management, care and control of horses and assist with pre-race preparation of, and post-race procedures affecting a horse. Not permitted to ride any registered racehorse unless also registered as a trackwork rider.
Trackwork Rider	Permitted to perform trackwork duties for any licensed trainer. Must also be licensed as a Stable Employee if intending to work in the stables of any trainer or assist on race day.
Riders’ Agent	Permitted to register agreements with no more than 3 Jockeys inclusive of the master of any apprentice who ride regularly in Tasmania.
Farrier	Permitted to shoe and plate horses for himself or other owners or trainers.
Restricted Plating	Permitted to only shoe horses owned and/or trained by themselves.

IMPORTANT NOTICE TO ALL RACING PARTICIPANTS

STABLE RETURNS

Recently Racing Services Tasmania (RST) has noticed an increase of stable returns being lodged without all details being completed. The missing information then has to be entered by this office and the trainer or authorised representative is seemingly unaware that they have failed to include all the required information because the missing details have been entered by this office. The Stewards direct trainers to Australian Rule 56 which requires the trainer/nominator to ensure they enter all relevant details. If trainers continue to exclude the required information they may be penalised under the rules.

THOROUGHBRED IDENTITY CARD

All persons licensed/registered to participate in thoroughbred, harness or greyhound racing within Tasmania have been issued with a Racing Services Tasmania photo identification licence card. Your card relevant to the current racing season should be visibly displayed at all times when you are on a registered race track.

It is the Stewards' intention to undertake random checks of licence cards. Action may be taken if a person does not comply with this requirement or is found to be undertaking activities for which they do not hold the appropriate licence.

If you have lost or misplaced your card you should contact Racing Services Tasmania on 6777 1900 to arrange a replacement.

NB: A replacement fee of \$25 may be imposed.

HORSES ATTENDED ON COURSE

It is a requirement that any horse that is competing or has competed in a race on race day be attended by a licensed person whilst on the racecourse.

HORSES TO REMAIN ON COURSE

All horses which have competed **MUST** remain on course for a period of not less than half an hour from the finish of their race.

TIME TO BE IN MOUNTING YARD

Trainers are reminded that with the night racing season it is vitally important that horses are presented in the mounting yard no later than 15 minutes before the start of the race. The Stewards accept that sometimes due to circumstances beyond the trainers control this cannot be achieved. However, the Stewards will be vigilant to assist that this can be achieved as when races are not started on time it does affect how our product is presented to the wider racing community and at times we are unable to receive the full visual media coverage that our product deserves.
