IMPORTANT INDUSTRY NOTICE

RATINGS HANDICAPPING UPDATE

As we enter our fifth month under the new Ratings Based Handicapping System it is important to gather feedback from the industry as we prepare for the six-month review.

Each state will meet early in 2020 to discuss the performance of the Handicapping system including any possible modifications going forward.

Common areas so far identified by local industry participants include:

- 1) 3YO's and inexperienced horses – opportunities and earning potential reduced?
- 2) 2YO points transition
- 3) Concession driver tier – number of wins too high for Tasmania
- 4) Being able to drop back too far

These amongst other items have been discussed during regular teleconferences with all states.

It seems stakeholders from most states also feel strongly about 3YO's and how they fare under the Ratings system.

If modifications to the system are supported strongly enough by the majority of the industry there may be a chance for change after the six-month review.

If you feel strongly enough that change or some tinkering to the system is necessary, you should speak up now and offer possible solutions to consider going forward.

In general terms racing under the Ratings Based Handicapping System has demonstrated a significant reduction in short priced favourites \$1.60 or less and more competitive racing with shorter margins between first and last. Wagering service providers and administrators across the country have provided very encouraging feedback and full support for the Ratings system based on the results they are experiencing, some even describing as "the most positive reform in the sports history".

You are encouraged to relay your thoughts prior to the end of this year in writing by email to racing@tasracing.com.au or mail to Ange Barrett, Tasracing, PO Box 730, Glenorchy, Tas, 7010.

CONOR CROOK

... Ready for State duties in New Zealand

Two-time leading Tasmanian junior driver Conor Crook has been chosen to represent his adopted home state at the 2019 Hanley Formula Australasian Young Drivers Championship in New Zealand.

The eight-race series commences at the Addington Raceway in Christchurch before the action moves on to the grass track at Methven. Competitors then ventures to the north island for heats at Manawatu before the final heat on Inter Dominion eve at Auckland's Alexandra Park on 12 December.

Crook stated, "I'm really looking forward to it, I went to the New Zealand Cup and had a ball so to go back and drive and represent my new home state is an honour," said the 23-year-old.

Like most young people in the industry, Crook became involved through family involvement. "My father (Peter) and brother (Luke Hooper) have always had a couple of horses in work back home and my brother was getting most of the drives so I thought I would go out on a limb and come down here to Tasmania halfway through 2017," said Crook.

Crook had only a handful of drives when based at Cowra in central New South Wales where he had spent time helping his family's small team of horses around full-time employment with the local Coles supermarket, before taking on a position with the state's leading trainer Ben Yole.

"I had been looking for a junior driver job for a while at the time and the Yole's advertised a job down here in Tas and I was able to get it," Crook explained. "The plan was to come down here for a month and see how I enjoyed it," he laughed.

Crook still picks up several drives for the Yole stable, but he has since taken up a position with well-respected trainer-driver Rohan Hillier, and the duo has built up a great combination, in particular with talented gelding Awayandrideyourself who Crook has driven to seven of his eight wins since the pacer arrived in the state.

"He is one of my favourites to drive as he gives you 110%, plus he helped me win the junior driver premiership last season when we won the Jubilee Bakery Stakes at the last meeting of the season," explained the talented young driver.

There is no doubt that many in the industry would agree when Crook arrived in the state he had a lot to learn in the sulky, and he has certainly improved out of sight, with many trainers and owners using his services, sometimes without his five-point concession claim.

"Mark (Yole) was a very big help early on but there were many senior drivers that stopped and gave advice," said Crook who is currently equal fourth on this season's overall drivers title.

"Rohan and Troy (Hillier) have been terrific in recent times and they are terrific people to learn off, plus Troy brings good coffee and pies from his bakery when he arrives at the stables," laughed the winning driver of 65 races.

Crook will be out to continue the success of many Tasmanians that have won the series including Gareth Rattray who won the series in 2003 that was held in New Zealand before winning the series later on in 2010, James Austin (2007), Adrian Duggan (1997) and Ricky Duggan (Dead Heat in 1993).

Before 1993 the series was for Australian drivers only where there was also success with; Rohan Hadley (1990), Leigh Dornauf (1980) and Don McVilly (1978).

There is a bonus to winning this year's 2019 Hanley Formula Australasian Young Drivers Championship with the winning driver to be invited to drive in the famed Swedish Guldklockan (Gold Watch) series, held at Sovalla, Stockholm in December next year.

Taking on Conor for that opportunity are:

- Cameron Hart (NSW)
- Matt Elkins (QLD)
- Brodie Webster (SA)
- Zac Phillips (VIC)
- Corey Peterson (WA)
- Sheree Tomlinson (Defending Champion, NZ)
- Sarah O'Reilly (NZ)
- John Morrison (South Island, NZ)
- Benjamin Butcher (North Island, NZ)

AUSTRALIAN DRIVERS CHAMPIONSHIP claimed by Gary Hall Jnr for WA

STORY: Duncan Dornauf

Gary Hall Jnr claimed Western Australia's first Triple M Australian Drivers Championship win in Hobart. Hall Jnr was able to record a driving double and two placings across the seven-race series to score a 14-point victory over Tasmania's Mark Yole with Darby Mcguigan a further three points away in third. Here is how the night unfolded.

HEAT 1

Western Australia's Ryan Warwick was able to pick up maximum points in the first heat when he scored on the Todd Rattray trained Wandary Muscat, from inside of the second row Warwick ended up four-back along the marker pegs before weaving his way through the field to use the sprint lane over the concluding stages to record a 1.5-metre win. "It just worked out well, obviously the moving line slowing down the back (straight) was a good thing and was able to get a good trip," said Warwick post-race on Tasracing's Live Stream.

HEAT 2

Darby McGuigan was able to do the right thing by favourite punters aboard Cool Water Paddy who started the shortest-priced favourite of the night at \$1.65. The Juanita McKenzie trained pacer worked forward early to find the lead at the 1500-mark and was too good late to record his fifth win in a row by 5.2-metres over the second elect Sheza Bettormak with Thomas Burns a clear third. "He seems like a nice horse and from his replays I watched he looks a nice horse, he was a beautiful horse to drive, he just settled so easy and when I asked him to go he went which is the sign of a good horse," McGuigan said.

"He seems like a versatile horse and he reeled off some good sectionals there and I think he will be able to mix it with the metropolitan horses at Melton," added the winning driver.

HEAT 3

This was an action-packed heat with short price favourite Awayandrideyourself looming up looking a chance in the home straight but unfortunately for favourite punters and Queensland's Pete McMullen

the sulky seat became detached causing McMullen to be dislodged from the sulky, McMullen was cleared by the Medical Edge Staff for his remaining drives, and no harm was caused to Awayandrideyourself who was quickly caught by the clerk of the course Zane Medhurst. The heat was won by Tasmania's Mark Yole aboard the Paul Hill trained gelding Streitkid, pushing through from the second row Streitkid was able to sit one-out and two-back before peeling three-wide with 350-meters to travel and was too good in the straight to defeat Hafter by 3.4-metres with Rowley back in third spot. "He has done a good job this horse, the quick tempo and a nice sit certainly told up the straight ... I have got to give credit to trainer Paul Hill, he said to follow through on the back of Rowley and see if you can get some cover and as it turned out it gave us a beautiful sit and things worked out from there," explained Mark Yole.

HEAT 4

Was the first win for Gary Hall Jnr when he drove the Chris Howlett trained Iden Forest to a half neck victory. Regular Tasmanian harness racing followers will know that Iden Forest has the ability but his manners early and his poor manners has let him down on several occasions in the past. Hall Jnr pushed forward to race outside the leader and after being headed by Hear The Call in the home straight, Iden Forest was able to rally back for his second win of the season over Hear The Call and Betterthanfetta. "We did a lot more than I wanted early but he could have had it easy on himself to get to the front but I had trouble getting the best out of him, to his credit he kept rolling the same speed all the way ... he has done a really good job to hold the swoopers late, its a good thing he has a bit of size about him," said Hall Jnr after the win.

HEAT 5

Koolaz Elvis was an unlucky second in Launceston last week yet slipped under the guard of punters starting as an \$11 chance in a competitive rating 70 to 84 event. Gary Hall Jnr, driver of Koolaz Elvis worked forward to find the lead and allowed the gelded son of Courage Under Fire to stride along in front in quarters of 29.5s, 30.1s, 28.7s and 28.4s for the quickest mile rate of the night of 1m 57.3s. "The boys said I could take a sit if I wanted and were happy to leave it up to me if the right one came around, and he (Yatsenyuk Leis) probably was the right one but he wanted to take charge a little bit and I was happy to let him do what he wanted in front and to his credit he boxed on real well late," said Hall Jnr after his second win of the series.

HEAT 6

The Ray Pullen stable has been going well in recent weeks and that continued with six-year-old mare Gipsy Treasure who recorded back-to-back wins in heat six. Driver Todd McCarthy took the race favourite straight to the early lead and gave nothing else a chance to defeat El Jays Blu by 1.9-metres with Blue Eyed Creation some 11.8-metres away third. "She was terrific, we had to do a little bit to get around and then we were lucky enough to get a few cheap quarters and she fought them off well in the finish," said McCarthy after the event.

HEAT 7

South Australian Ken Rogers was able to test success in the final heat of the championship aboard the Heath Woods trained pacer The Shallows. Rogers got straight off the inside to sit one-out and three-back before leading up the three wide line from the 1000-metre mark, before putting the foot to the floor at the 600-metre mark to record a 4.7-metre win over Vouvray Beach with Our Percius back in third spot. The win completed a hat-trick of wins for the lightly raced gelded son of Shadyshark Hanover who looks to have a bright future ahead.

**2019/20 6ty° YOUNGBLOODS SERIES REPRESENTATIVES**

Taylor Ford, Samantha Freeman, Charlie Castles, Andrew Freeman, Matthew Howlett, Justin Howlett, Lachlan Dakin, Ben Woodford, Georgia Hayward, Hannah Vandongen

MEET THE DRIVERS:

Hannah Vandongen – finished in tenth position on the states drivers premierships last season with 24 wins and 38 placings and the Carrick based driver has already started the 2019-2020 season well recording six wins and nine placings.

Taylor Ford – will be out to follow in the footsteps of her father Phillip who is a past winner of the series. Ford registered 18 wins last season with a further 25 placings to her credit to finish in third position on the states female drivers title.

Lachlan Dakin – had his first race drive in March 2018 before driving his first winner in August that year aboard Goggo Gee Gee. Dakin, who works for trainer Todd Rattray has shown continued improvement in the sulky which seen him drive six winners last season, with a further two wins added to his tally this season.

Ben Woodford – hails from New Zealand and had been gathering experience in Australia from several leading stables before finding his way to Tasmania earlier this year. Woodford had his first race drive at Menangle in May 2016 aboard Big Bang Penny who gave him his first winner at Newcastle in August 2016. He has driven a total of 37-wins through his career including two victories this season on Rocket Blaster.

Charlie Castles – is continuing a strong family tradition into the industry and is the sole north-west coast based competitor in this year's series. Castles drove four winners last season but found himself amongst the placegetters on 25 occasions.

Georgia Hayward – is still chasing her first winner in the sulky but she has shown in recent drives that her first win isn't too far away.

Andrew Freeman – is a relative newcomer to the sport only having his first race drive this year aboard Mighty Spark in Burnie. His first winning drive was on the Ben Yole trained Hez The One in Hobart in April.

Matthew Howlett – is the most experienced driver in the series with 68-wins and 169 placings to his credit since his first race drive in November 2012. Howlett set a Youngbloods Challenge record when he became the youngest driver to win the series at 16 years and seven months winning the series in 2013 while also claiming the title in 2016.

Samantha Freeman – recorded her first win in July 2013 and has found the winners stall first on a further 27 occasions. She dead-headed for first in the BOTRA Claiming Novice Drivers series in 2014.

Justin Howlett – drove his first winner at his very first race drive on Rock And Run in Hobart in June 2008. A talented concession driver in his time Howlett has elected to take a back seat and allows his brothers Matthew and Braden do most of the driving for their father Chris.

Wade Rattray (First Emergency) – started his driving career in June 2014 and registered his first win a month later in Hobart on Divas Delight for his uncle Barrie. Rattray won the series in 2015.

EHC14032004 Saturday 14 March - RACE CONDITIONS

The nominations for the 30 to 59 national ratings race will be divided into 2 races based on Lifetime Earnings. The races will be formed by selecting the horses from the highest lifetime earnings down. The first race shall be the 12 horses with the highest lifetime earnings and the second race will be the next 12 highest lifetime earning horses. The two horses with the next highest lifetime earnings shall be named as emergencies for both races. In the event of horses on the same lifetime earnings having to be split, the horse with the highest number of lifetime wins shall be deemed the highest rating and then the horse with the highest field selection points and then by random draw.

If there are insufficient nominations for two races, the nominations shall be extended. If after extending nominations there are at least 6 but less than 12 acceptors for the second race, the race will be conducted but there will be no emergencies named for either race. If nominations are extended then the original nominations shall be first selected and if excess nominations above what is required are received during the extension period, then the extended nominations shall be selected on the same basis as the original nominations.

TEAM TEAL

For six weeks from the beginning of February each year, all reinswomen in participating jurisdictions race in teal driving pants, striving to be first across the line to secure donations from harness racing controlling bodies, betting partners, trainers and other sponsors.

The campaign is supported by reinswomen ambassadors in each state across Australia and New Zealand who wear Women's Cancer Foundation silks (racing tops) when competing, along with clerks of the course in teal pants and silks.

For more information and details on how you can support Team Teal see details on Page 55.

CHAMPIONSHIP**

PROGRAMME CONDITIONS

Races Divided by Points

When races are divided by points (high and lower points divisions), the Unfulfilled Engagements and Extended Races policies do not apply if the total number of acceptors is equal to, or less than, the combined field limits.

Claimers in Open Class Races

In order to provide claimers with a continuity of opportunities to race, they will be permitted to race where "Also Eligible" conditions stipulate.

Claimer eligibility will be determined by aligning the claiming price with the following ratings points:

Claiming Price	Rating Points Transition	Claiming Price	Rating Points Transition
\$1000	50	\$6000	75
\$2000	55	\$7000	80
\$3000	60	\$8000	85
\$4000	65	\$9000+	90
\$5000	70		

Concessions will operate as per the Mares Concession and Novice Driver Concessions as approved from time to time.

Claimers nominating for races under the "Also Eligible" clause shall be deemed eligible for the race if they meet the also eligible criteria and shall not be deemed to be nominating in advance of their rating. Claimers with a transition rating less than the front of the race shall be deemed to be a rating of the front of the race.

If ballots are necessary, those horses eligible for the race by way of their claiming price shall be first eliminated.

In races where the draw is (or is in part) a PBD/NR, horses eligible by way of their claiming price shall be drawn at the end of each rating. For example, horses with a claiming price up to \$5000 will be eligible for a 65 to 70 rating race if the conditions permit and horses with a claiming price up to \$4000 will be drawn after the 65 rating horses, but before the 66 rating horses and the horses with a claiming price of \$5000 will be drawn after the 70 rating horses.

Eligibility for registration and naming

• Amend heading

• Amend Rule 93(1), (3)

• Add new Rule 93(5), (6), (7), (8), (9)

- A horse shall not be eligible for registration unless:
 - It is the progeny of a registered Standardbred sire and a registered Standardbred mare and its registration conforms with these rules.
 - It is microchipped in accordance with HRA's Microchipping Regulations, freezebranded or otherwise identified by a method approved by HRA.
 - It has been parentage verified by D.N.A. genotyping at a laboratory approved by HRA.
 - It is progeny that conforms to the following genetic principles:
 - Chestnut colouration is recessive to all other colours and therefore any progeny that is not chestnut from a chestnut to chestnut mating is not eligible for registration;
 - Grey colouration is usually dominant in relation to all the basic colours and therefore any progeny that is grey is not eligible for registration unless at least one of its parents is also grey.

Notwithstanding sub-clauses (i) and (ii) such progeny will be eligible for registration in the event that blood typing and / or D.N.A. genotyping establishes to the satisfaction of HRA that the horse in dispute is the progeny of the said sire and dam.

- Save and except for embryo transfer or some other procedure approved by the Controlling Body a horse shall not be eligible for naming and/or registration and entry in the Stud Book if it is the produce of genetic engineering procedures including but not limited to cloning, embryo freezing or oocyte collection.
- The progeny of a mare inseminated by transported semen shall not be eligible for naming and/or registration and entry in the Stud Book unless all steps taken to bring that progeny into being have been in accordance with these rules.
- The Controlling Body shall not register a horse foaled outside its jurisdiction unless the horse is eligible for registration in an Australian State or Territory or its place of foaling.
- A person seeking registration shall pay to the Controlling Body such fees relating to identification as it may determine.
- The connections shall keep clipped that area of a horse's body adjacent to or surrounding its brand.
- In the event of the identification of a horse becoming indistinct, illegible or otherwise unsatisfactory to the Controlling Body, the connections shall comply with any directions given by the Controlling Body to rectify the matter.
- A person who fails to comply with sub-rule (6) or a direction given under sub-rule (7) is guilty of an offence.
- Where a person is guilty of an offence under this rule, the Controlling Body may take such action with regard to the horse as it may determine.

• Amend Rule 94(1), (2), (3), (4), (5), (6)

- A horse shall not be eligible for naming unless:
 - the horse has been registered in accordance with Rule 93.
 - the name is submitted through the Controlling Body.

- (2) A Controlling Body shall not permit any horse to participate in any breeding or racing activities in its jurisdiction unless and until it has a name approved by the Registrar.

**WHAT IS TEAM TEAL?**

For six weeks from the beginning of February each year, all reinswomen in participating jurisdictions race in teal driving pants, striving to be first across the line to secure donations from harness racing controlling bodies, betting partners, trainers and other sponsors.

The campaign is supported by reinswomen ambassadors in each state across Australia and New Zealand who wear Women's Cancer Foundation silks (racing tops) when competing, along with clerks of the course in teal pants and silks.

The success of Team Teal not only relies on sponsorship by principal sponsors, but also on the fundraising efforts of the wider harness racing community, the campaign is increasingly embraced with additional fundraising coming from, but not limited to:

- Clubs matching donations for victorious drives by reinswomen at their tracks.
- Trainers sponsoring the wins of their drivers, male or female.
- Drivers and trainers pledging fees and percentages, in whole or in part.
- Racegoers purchasing a teal awareness ribbon or wristband.
- Clubs promoting a Team Teal Race Day and seeking admission by donation, etc.
- Local Communities, Individuals, Clubs and associations hosting their own fundraising events or making direct donations.
