

## **HARNESS PROGRAM CHANGE**

Due to the escalating concerns with COVID-19 Tasracing and the Launceston Pacing Club have made the decision to postpone the Australian Female Drivers Championship scheduled for Sunday, 5 April 2020. The future date of this event will be reviewed later in the year.

The motivation for this change is of course the health and welfare of our participants during these uncertain times.

The program for 5 April 2020 will remain unchanged from what has been advertised, apart from the deletion of the reference to the Australian Female Drivers Championship.
