	PROCEDURE	
THOROUGHBRED RACE MEETINGS - STATEWIDE COVID-19 SAFE STANDARD OPERATING PROCEDURE		
CONTROLLER: RACING OPERATIONS MANAGER	OWNER: CEO	
REVIEWED: JUNE 2020	SCHEDULED REVIEW: NOVEMBER 2020	

1. **PURPOSE**

The Tasmanian government has a plan to ‘Rebuild a Stronger Tasmania’. As part of this plan, all workplaces are required to have a COVID-19 safety plan that complies with the minimum COVID-19 safety standards. The purpose of this Procedure is to outline the protocols that demonstrate our compliance with the *Minimum Standards (Work Health and Safety Amendment Regulations 2020)*.

The Procedure demonstrates our ability to protect Tasracing’s workers and racing industry participants as we operate with new hygiene and safety protocols during the COVID-19 pandemic for the purpose of thoroughbred racing operations at the venue.

Tasracing is committed to providing a healthy and safe working environment and has identified alternative ways to deliver its racing operational practices to limit the spread of COVID-19. It is imperative that we comply with the safety standards outlined in this Procedure to safeguard racing in Tasmania.

For the purpose of this Procedure:

“**we / our**” means Tasracing Workers, the racing industry participants, the Stewards and Racing Officials.

“**workplace**” means a place of work for Tasracing Workers and the racing venues, Launceston Ladbrokes Racing Centre (Mowbray), Hobart Ladbrokes Park (Elwick) and Ladbrokes All Weather Spreyton (Spreyton), where the race meetings are held for the racing industry participants.

“**venue**” means Launceston Ladbrokes Racing Centre (Mowbray), Hobart Ladbrokes Park (Elwick) or Ladbrokes All Weather Spreyton (Spreyton) as applicable to the location of the race meetings.

The Australian Federal, State and Territory Governments have put restrictions in place to slow the spread of COVID-19. The National Cabinet have a 3-step plan to create a COVIDsafe society with new ways of living and working. This Procedure will be regularly reviewed and updated as these restrictions are varied and to reflect the recommendations by the Governments and Worksafe Tasmania.

2. **SCOPE**

This Procedure applies to:

Tasracing:	Tasracing employees (including full-time, part-time, casual and fixed term employees), volunteers, contractors (security, Track Marshalls and suppliers to Tasracing) (collectively referred to as Tasracing Workers)
Racing Industry Participants	All industry participants and other persons that are permitted to attend thoroughbred race meetings at the venue.
Stewards	Stewards of the Office of Racing Integrity (ORI)

3. **CORONAVIRUS**

3.1 **COVID-19**

Coronaviruses are a large family of viruses that cause respiratory infections. These can range from the common cold to more serious diseases. Coronavirus is a disease caused by a new form of coronavirus. It was first reported in December 2019 in Wuhan City in China and the disease outbreak is named COVID-19.

3.2 **Symptoms**

Symptoms of COVID-19 include fever, coughing, sore throat and shortness of breath. If you have any of these symptoms **do not attend** your workplace or a race meeting.

3.3 Protect others and stop the spread

It is a requirement that all Tasracing Workers, Racing Industry Participants, Stewards and Racing Officials practice good hygiene, social distancing and understand when to self-isolate if you need to. These practices will slow down the spread of the virus.

Good hygiene
means:

- wash your hands often with soap and water. This includes before and after eating and after going to the toilet;
- use alcohol-based hand sanitisers when you can't use soap and water;
- avoid touching your eyes, nose and mouth at all times;
- maintain good hand, sneeze and cough hygiene;
- clean and disinfect surfaces you use often such as benchtops, barriers and doorknobs;
- clean and disinfect objects you use often such as mobile phones, keys, wallets and work passes; and
- increase the amount of fresh air by opening windows or utilising air conditioning.

Social distancing

The more space between you and others, the harder it is for the virus to spread. Social distancing in public means you keep 1.5 metres away from others wherever possible and avoid physical greetings such as handshakes.

Self-isolate

A person with COVID-19 or suspected to have the virus must enter mandatory isolation. You will need to isolate to prevent the spread of the virus to others at your home if it is suitable, hospital if you need hospital care or another location if needed as decided by the public health authority.

6. THOROUGHBRED RACE DAY PROTOCOLS

6.1 Before Leaving Home

Do not attend a race meeting if you feel ill or have any of the symptoms outlined in section 3.2.

If you identify with any of the below conditions, you **MUST** stay home and not attend any race meeting:

- you are suffering COVID-19 symptoms or are otherwise unwell;
- you are subject to self-isolation requirements imposed by the Government / Public health authority; or

- you have been in close contact with a person suspected or confirmed to have COVID-19.

6.2 People most at risk of COVID-19

People aged 70 years and over, people aged 65 years and over with chronic medical conditions, people with compromised immune systems, and Aboriginal and Torres Strait Islander people over the age of 50, are at greater risk of more serious illness if they are infected with COVID-19. Chronic medical conditions include but are not limited to diabetes, lung disease, heart disease, cancer and kidney failure. There is currently no cure or vaccine for COVID-19, or immunity in the community, so you must exercise a high degree of caution when deciding to attend a race meeting.

Tasracing strongly recommends that people most at risk continue to stay at home, avoid contact with others and carefully consider whether attending a race meeting will compromise your health. Should you attend a race meeting, Tasracing reminds you to practice good hygiene and social distancing measures to best support your health and wellbeing.

6.3 Venue Restrictions and Hygiene

In addition to the good hygiene requirements outlined in section 3.3, the following procedures will take place at venues for all thoroughbred race meetings:

Downloading the app is something you can do to protect yourself, your family and the racing industry. The app helps expedite contact tracing and serves to benefit the racing industry in the event the app user tests positive for COVID-19.

If you do not wish to download the app or do not have a smartphone to download the app, Tasracing recommends that you maintain a travel log to perform a similar function.
