- 36.4 A greyhound must at all times be under the care and supervision of a licensed person until such time as it has been rehomed as a pet or placed with a rehoming/adoption agency.
- 36.5 Rehoming and notice requirements
- (a) An owner must make all reasonable efforts to avoid euthanasia of their greyhound by finding it a suitable long-term home.
 - (b) An owner must make application to the Director using the approved form, requesting permission to euthanase a greyhound. For the avoidance of doubt, an application under this sub-rule can only be lodged after the requirements of LR36.5(e) have been met.
 - (c) The Director may deny any application which in their opinion does not meet the requirements of LR36.5(e).
 - (d) Except in accordance with LR36.5(h) or LR36.5(i) an owner shall not euthanase a greyhound until written approval from the Director has been received.

Minimum requirements for rehoming

- (e) Without limiting LR36.5(a), actions that an owner must take to find a suitable long-term home for their greyhound include:
 - (i) Notifying the Director of the commencement of a wind down period which comprises of at least 28 days during which the owner must ensure that:
 - (a) the greyhound has not engaged in any racing related activities, including but not limited to trialling, breaking, education, training or racing; and
 - (b) a record, in an approved format, is kept of the genuine and daily efforts made to socialise the greyhound to non-training and non-racing settings

- and environments and such details are recorded within 48 hours of the activity being undertaken.
- (ii) After the end of the wind down period under LR36.5(e)(i), make at least one genuine attempt of each of the following, unless successful in one of the previous attempts:
 - (a) Seek the greyhound's admission to the Greyhound Adoption Program Tasmania (GAP), and
 - (b) Seek to rehome the greyhound with at least two appropriate third parties who are capable of ensuring the welfare and well-being of the greyhound, and
 - (c) Seek to rehome the greyhound through at least one other animal adoption or rehoming agency.
 - (f) Every greyhound retired as a pet must be surgically sterilised by a registered veterinarian prior to being retired as a pet or placed with a rehoming/adoption agency and a copy of the de-sexing certificate must be lodged with the Director, except where the greyhound is admitted into the Greyhound Adoption Program Tasmania (GAP) or a veterinarian after examining the greyhound certifies, to the satisfaction of the Director, that being surgically sterilised would be detrimental to its welfare.
 - (g) Where an application has been submitted under LR36.5(b) an owner must ensure the wind down activities detailed in LR36.5(e)(i) continue until approval to euthanase has been granted by the Director.

Medical exception from rehoming and notice requirements

- (h) LR36.5(a) and LR36.5(b) do not apply if a registered veterinarian certifies, in the prescribed form, that the greyhound is suffering from an incurable condition or injury that causes significant pain or discomfort, or a marked reduction in quality of life.

Legal exception from rehoming and notice requirements

- (i) LR36.5(a) and LR36.5(b) do not apply if the greyhound is required to be euthanased to comply with law (e.g. Court order, or other legal authority).

Behavioural exception from rehoming requirements

- (j) LR36.5(a) and LR36.5(e)(ii) do not apply if GAP or another person(s) approved by the Director reports, in the prescribed form, that the greyhound is displaying significant behavioural characteristics that negatively impact on its suitability as a pet, including aggression towards humans and/or other animals.

For the sake of clarity of this rule, the owner, on obtaining a report and determining that their preferred action is euthanasia, is required to submit that report with an application to the Director seeking permission to euthanase the greyhound.

Evidence of rehoming requirements

- (k) An owner must:
 - (i) keep detailed records of their compliance with LR36.5, and
 - (ii) provide records and evidence kept under this rule to the Director on request.

- (a) If a greyhound is required to be euthanased, the only acceptable method of euthanasia is by an overdose of barbiturate administered by a registered veterinarian.
- (b) LR36.6(a) shall not apply if immediate euthanasia is obviously essential:
 - (i) to alleviate the greyhound from suffering following a catastrophic injury or medical condition/illness, and
 - (ii) the greyhound cannot be transported to a registered veterinarian within a period of one hour at regular driving speeds, and
 - (iii) the euthanasia is carried out under the direction of a registered veterinarian unless every avenue possible has been explored to contact a registered veterinarian in which case evidence of those efforts must be documented and provided to the Director.
- (c) The only acceptable option for euthanasia under LR36.6(b) to end the animal's suffering shall be by the use of a firearm by a person who is appropriately licenced under the Firearms Act 1996 and competent to ensure the humane euthanasia of the animal.
- (d) Where euthanasia is carried out under the direction of a registered veterinarian the owner or person responsible for the greyhound must obtain a written certificate or letter from the veterinarian providing details of the direction to euthanase under LR36.6(b).

36.7 Where a greyhound has died either suddenly or unexpectedly (whether due to natural causes, accident, misadventure, euthanasia under LR36.6(b) or the cause is otherwise unknown):

- (a) The owner or person responsible for the greyhound must notify the Director before the close of business on the next working day of the death and seek permission to dispose of the body of the deceased greyhound.
- (b) Upon notification in accordance with LR36.7(a) the Director may direct the owner or person responsible for the greyhound to provide the body of the deceased greyhound for inspection and/or to release the body to allow an autopsy to be performed by a registered veterinarian.

36.8 Within two working days of the death of the greyhound the approved form must be submitted to the Director together with a veterinary certificate of euthanasia where required (including, without limitation, the written certificate or letter referred to in LR36.6(d) or the documented efforts required under LR36.6(b)(iii)).

- 36.9 Notwithstanding the provisions of LR36.10, in the case of a greyhound being retired to a third party, the rules shall continue to apply during the time between the notification of retirement to the Director and the third party taking possession of the greyhound.
- 36.10 In the event that a registered greyhound is notified to the Director as being retired as a pet, transferred to an adoption program or surrendered to another agency it shall cease to be registered as a greyhound for the purposes of racing or breeding under the provisions of these rules.
- 36.11 A greyhound subject to the provisions of LR36.10 shall not be submitted for re-registration with any other Controlling Body.

- 36.13 Prior to a re-registered greyhound being permitted to nominate for any Event, a veterinary clearance from the owner's private veterinarian must be lodged with the Director following which the greyhound must complete a Satisfactory Trial.
- 36.14 Rescinded 13/8/2021.
- 36.15 Rescinded 13/8/2021.
