Manual Field Selection

Races advertised as “Manual Field Selection” will be selected by the Handicapping Panel. Horses deemed by the Handicapping Panel to be the best credentialled based on criteria including form over the last 10 starts, beaten margins, mile rates, class of opposition, class of races, positions in running, barrier draws and interference received will be declared as starters in the field.

Manual Field Selection applies to all races with prize money of \$15,000 or more and heats of races where the final is \$15,000 or more, unless otherwise specified in the race conditions. A horse that has not previously had a race start has no exposed form. Therefore, horses that have had a race start will be included first under the Manual Field Selection Policy. Trial form will not be considered. If balloting is required with multiple unraced horses a random ballot will be conducted to determine which of the unraced horses gain a start.
