Spreyton Raceday Amenities Building Construction Works

Tasracing has appointed MeadCon as the Principal Contractor to construct the new Raceday Amenities Building at Spreyton Racecourse commencing in late May 2023. The work will take nine (9) to ten (10) months to complete.

MeadCon will take site possession of the building footprint in late May 23 in addition to the adjacent carpark which will be used as a laydown area for materials. It is important to note that once MeadCon take site possession that MeadCon have legal ownership of that area and have full responsibility for Workplace Health and Safety within that area. No person is permitted to be in MeadCon's area of responsibility unless they are fully inducted, are wearing fully compliant PPE and have been given express permission to be in that area by MeadCon.

MeadCon will commence work at 0900 each day apart from Sunday.

During construction works, commencing in late May 23, all track work will cease at 0900 with last horse on track no later than 0845hrs.

No work will be conducted during race days.

No external work will be conducted during trials.

More information will be provided in the coming weeks as MeadCon confirm dates and activities.
