

14 July 2023

Spreyton Raceday Amenities Building Construction Works Main Water Line Alignment Works

Construction works on the main water line alignment at Spreyton will recommence on Monday, 24 Jul 23 at 0900hrs as shown on the attached drawing.

For horse and rider safety and to maximise permitted working hours the track will also close at 0900, Monday to Friday, as per previous communications today on track timings, with last horse on track no later than 0845hrs.

Please be aware of road closures to protect work crews and do not breach any road closure signs or fencing designed to keep non authorised personnel away from excavations and danger.

Please be aware of moving vehicles and machinery, loud continuous construction noise, open trenches and excavations. Temporary fencing will be erected as the works progress and may be in place for an extended period of time. Please do not breach any temporary fencing.
