## **Spreyton Raceday Amenities Building Construction Works Power Outage – Tuesday 02 Aug 23 and Wednesday 03 Aug 23**

All personnel at Spreyton Racecourse are advised that there will be power outages next week, 02 and 03 August 2023, affecting the day stalls and stable blocks.

The power outages are required to enable the safe disconnection of the aerial power supply from the existing amenities building and relocate that aerial power supply to the temporary accommodation buildings in the main car park.

The power outages are planned to occur as follows:

- Tuesday, 02 August 23 – **1100hrs to 1600hrs** (disconnection and relocation of aerial power supply)
- Wednesday, 03 August 23 – **1100hrs to 1230hrs** (connect aerial power supply into new switchboard at temporary accommodation buildings)

Thank you for your cooperation during these critical works.
