

02 August 2023

Brighton Training Centre Construction Works

Earthworks Directly in front of Day Stalls

Crossroads Civil anticipate the commencement of works directly in the day stalls next week from Tuesday, 08 August 23. This will impact all day stall users.

All day stall users are reminded that Crossroads Civil commence work at 1000hrs. By extension this means that all horses, vehicles, floats, transporters and personnel etc will need to be clear of the day stall area prior to 1000hrs. This is to ensure the safety of your horses, yourselves, Crossroads Civil staff and Tasracing staff. It will also enable Crossroads Civil to commence work immediately at 1000hrs to maximise productivity and minimise the time in the day stalls area.

The day stalls will be available for use each morning.

It is anticipated that the works directly in the day stalls area will take five (5) working days.

Thank you for your collaboration and cooperation.
