Spreyton Raceday Amenities Building Construction Works Participant Accommodation

Additional temporary accommodation buildings have been commissioned for both Female and Male Jockeys at Spreyton. Both buildings are signposted and are now available for use from this Sunday, 20 Aug 23 as per the attached drawing.

Dedicated Jockey Car Parking has been established adjacent to the temporary accommodation compound as per the attached photos.

All participants are reminded that there is no unauthorised entry to the temporary accommodation compound. Access to the temporary accommodation compound is restricted to those people who would normally access the existing raceday amenities building. All personnel are to follow ORI directions in and around the temporary accommodation compound.

The weigh in scales will be located with the StrideMaster attendant in the temporary accommodation compound or other location as directed and communicated by ORI.

The StrideMaster saddle cloths will be located with the StrideMaster attendant in the temporary accommodation compound or other location as directed and communicated by ORI or StrideMaster.

Please be aware the ORI have complete authority and control over the temporary compound during race day and other events and all personnel are to comply with ORI directions during these times.

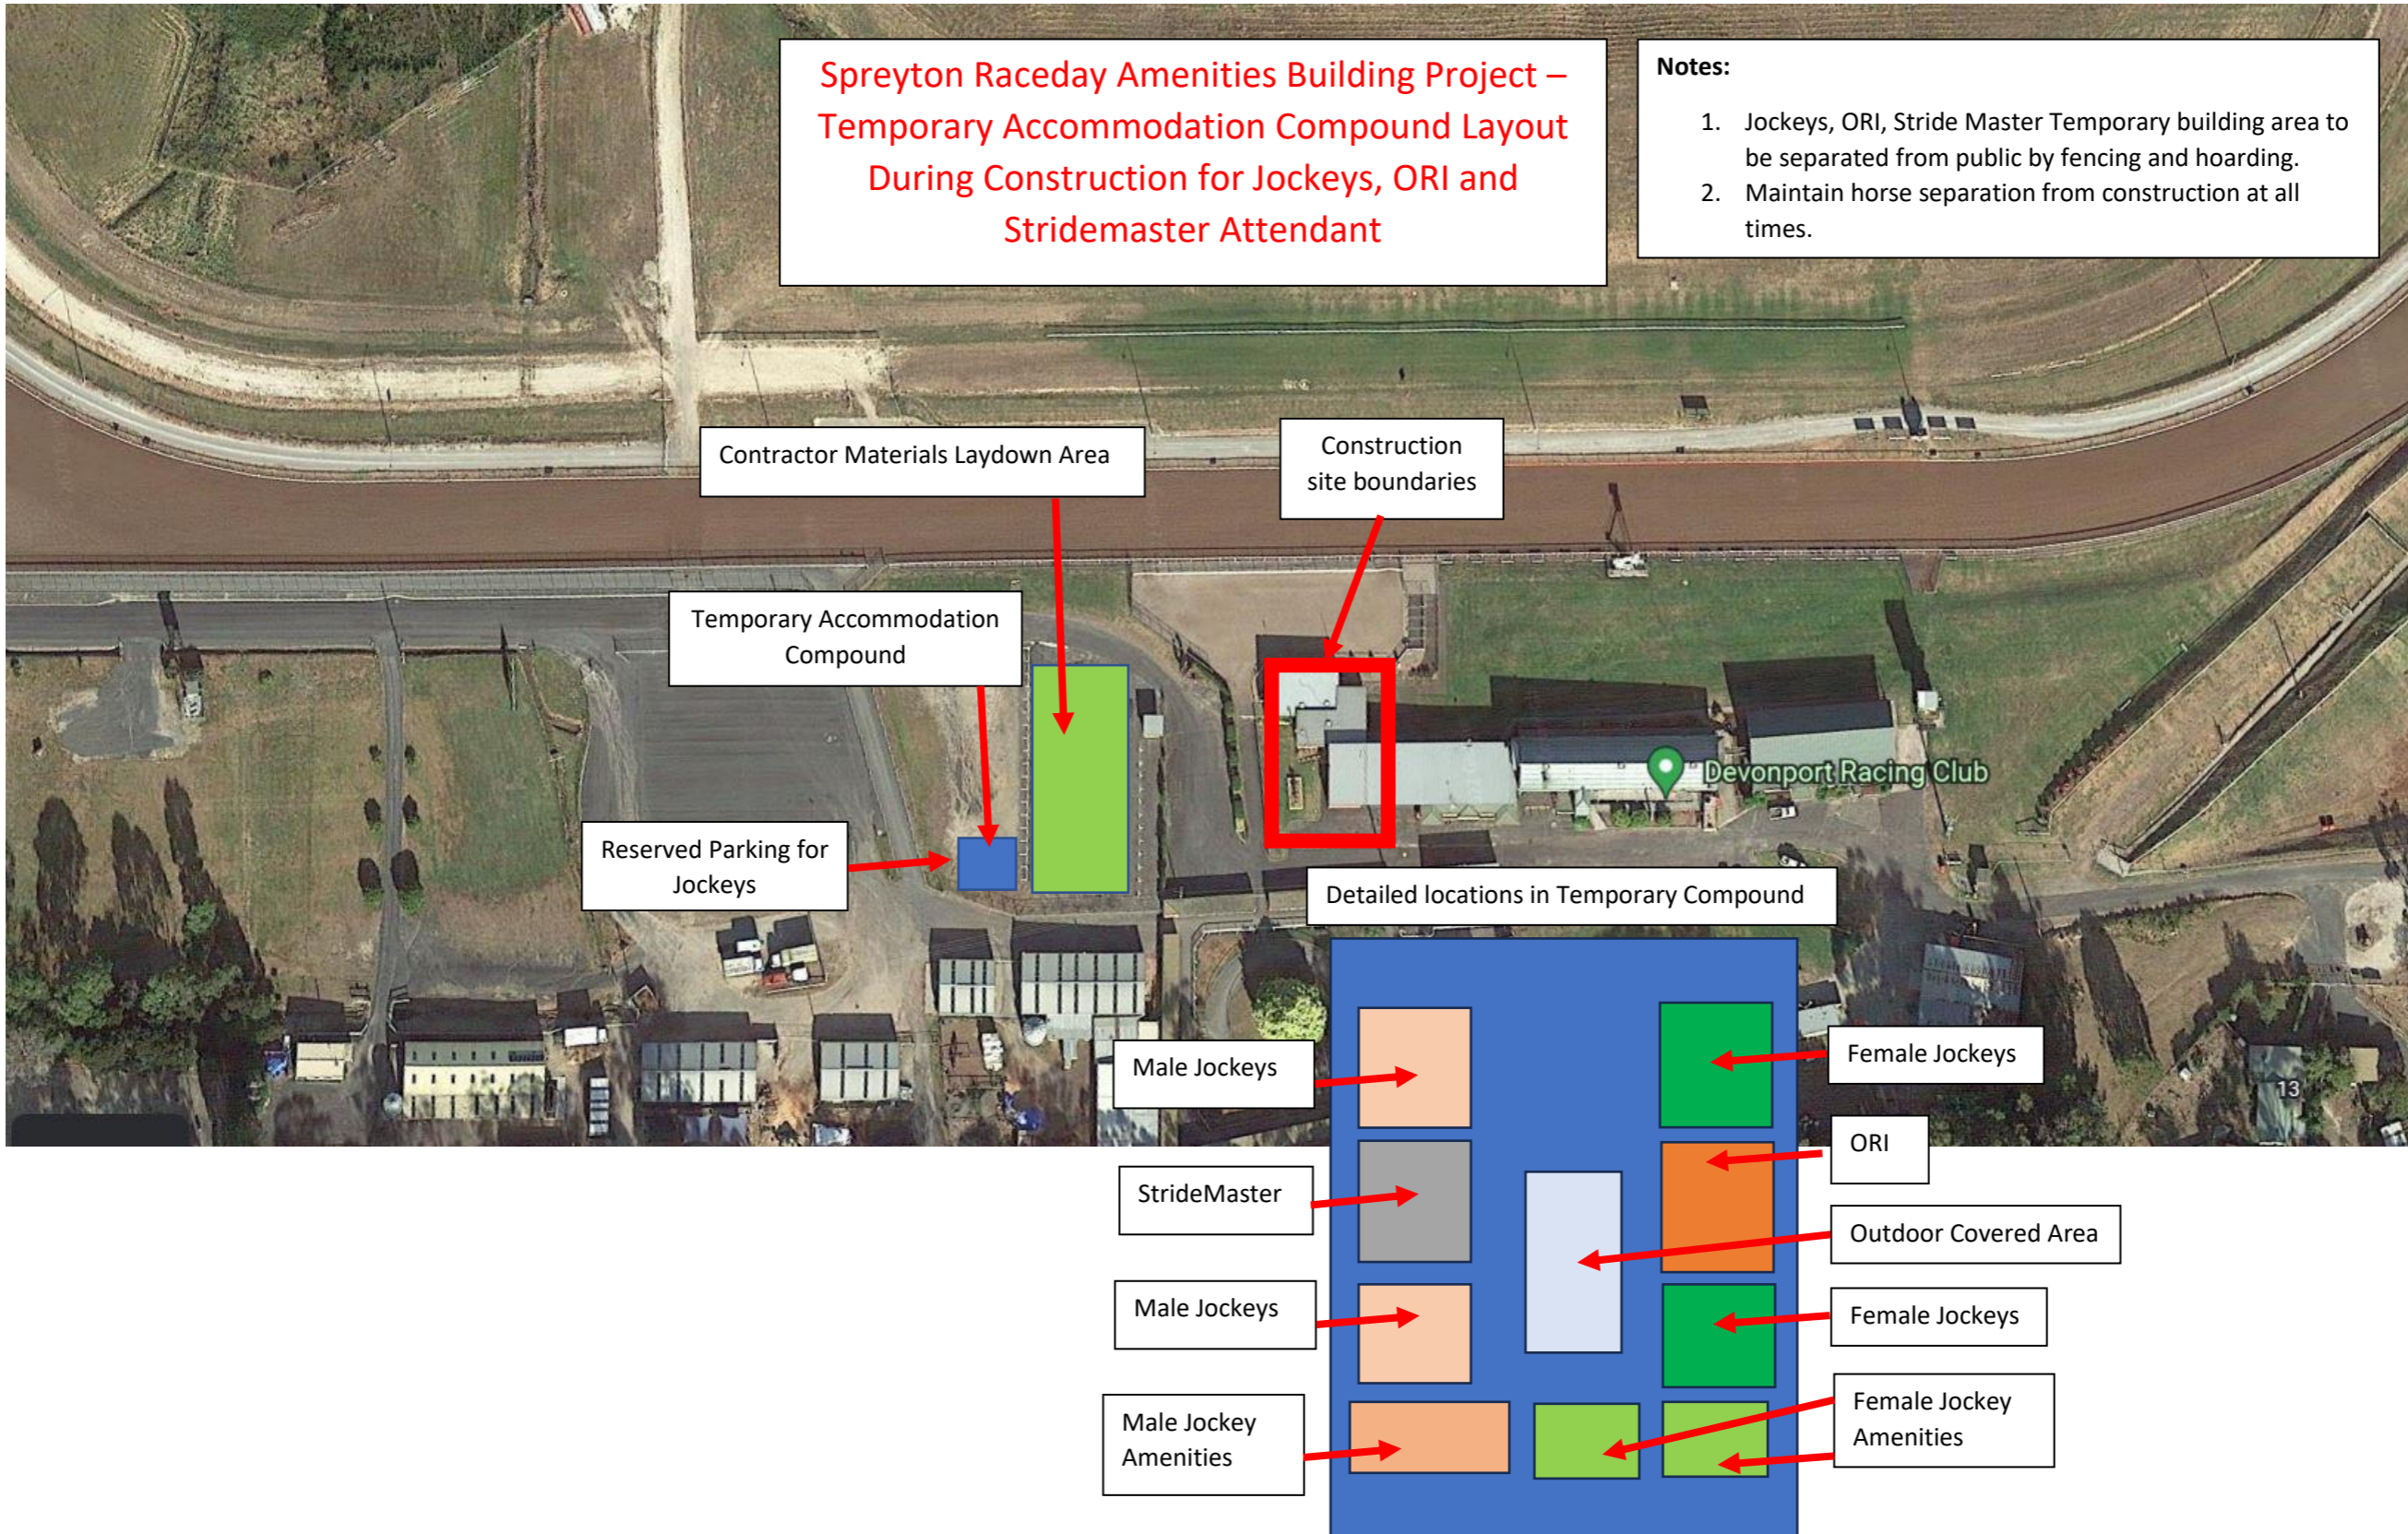

Thank you for your ongoing support and collaboration during the construction works of your new Raceday Amenities Building.
