

The Dynamo – Race conditions update

Due to the number of Club registrations wishing to participate in the Dynamo initiative, the number of heats conducted will be dependent on total horse nominations, with a maximum of 10 heats to be held.

Nominations are open for horses with NMT10 LTW's. Tasracing reserve the right to amend the number of wins, should there be insufficient nominations to fulfil a minimum of 8 heats (10 max).

Nominations will be selected in win order, lowest to highest.

Trainers are limited to a maximum of one horse per heat. Where a trainer has multiple same win horses nominated, it is possible there may be some fields comprised of horses with varying wins. (Lower win horses competing against higher win horses).

Maximum field sizes of 6, no emergencies to be drawn.

Distance is 1140m.

Tasracing has the discretion to amend any of the above race conditions if required.

For any enquiries prior to nominations closing please contact Ange Barrett on 0417 576 177.
