What is Team Teal?

Team Teal is an initiative of WomenCan, a not-for-profit organisation raising funds for crucial gynaecological cancer research and prevention & education programs through the Australia New Zealand Gynaecological Oncology Group (ANZGOG).

Every day in Australia and New Zealand 22 women are diagnosed with a gynaecological cancer. And for ovarian cancer the five-year survival rate is 49% for Australian women and 38% for New Zealand women. Team Teal raises funds and awareness for women with ovarian and other gynaecological cancers, through celebrating women's achievements in sport. Our vision is to advance research and save lives. Each year Harness Racing supports WomenCan's Team Teal initiative with female drivers wearing Teal Pants for awareness and with donations made by the industry, TAB & Clubs for every win by a female driver or trainer from 1 Feb – 15 March every year. Teal is the international colour symbolising ovarian cancer.

Join us for Team Teal Frocks at the Trots where speed meets style, and every moment makes a difference. Let's race towards a brighter, teal-tinted future together!
